LOCKDOWN

PRODUCTION: **Mustang Studios,** DIRECTED BY: **John Bruno**
RUNNING TIME: **85 mins**

Bringing a whole new meaning to "banged up", Lockdown plays on the fantasy of being in prison with a bunch of horny men that have gallons of pent-up sexual aggression to spend. Cal 'Speedy' Reynolds is head guard at Pinehurst Prison and he's enforcing a 'lockdown' as those unruly prisoners need to be taught some discipline. First on his hit list is Mustang exclusive Jake Dakota, who gets the big daddy workout. Next is guard Parker Williams who takes Shane Rollins out of his cell for some one-on-one, but he gets flipped and fucked. Then it's guards against the inmates in a sweaty, dirty four-way between Owen Hawk, Tommy Blade, Matt Cole and Derek Foster. "Speedy" returns for the final scene with Cliff Rhodes, Derrick Hanson and Rik Jammer that involves some serious ass stretching with a mechanical fuck machine. If you've recently become a fan of 'Prison Break' for all the wrong reasons, this DVD is certainly for you big, hairy-arsed guys, who get down and dirty. Extensive DVD extras include behind the scenes photos, deleted scenes, interviews and a bank of trailers. If Prison's like this throw away the key!

Lock Down is available from Prowler.
