PAT CALIFIA'S SEX ADVISER

MARC GELLER

My lover and I have been together for about 17 years. After living together very happily for a decade, while I worked a full-time job and he cared for the horses on our ranch, he decided to get a college degree and left the farm. After graduation he took a job in another city. I continued to care for our 20 horses and run the farm. He contributed a minimum amount of board for his horses. Just recently I built a new 120-acre farm and home for us. He contributed nothing, even though he is making a very good salary.

About two years ago I invited a friend of ours from England to bring her 8-year-old son and stay on the farm so she could sort out her life after getting a divorce. After several months I thought I had done enough for her and asked her to leave. She is a hard worker, but she has nearly taken over the farm. I later learned from her that my lover had told her to ignore my request to leave, since he thought I needed help on the farm and was just "in a mood."

Each weekend after my lover would leave to go back to the city, she would complain about how unfairly he treated me. I told her I was aware of his shortcomings but still cared about him. She began writing me love letters. I repeatedly told her I wasn't interested. I showed the letters to my lover, but most often he wouldn't even read them. A few months ago, the woman told me he has asked her to move to the town where he is working and marry him so she can stay in the United States. He did this without discussing anything with me.

My lover still treats me kindly. Our sex life is good, and he tells me that he loves me. I have trouble telling him that I love him, since he does so little to support me emotionally or financially. He is very vanilla sexually, and I am very adventurous and would like to try other things, but it hasn't happened. But that's not a problem. He never talks with me on a personal or intimate level, and he makes major decisions that affect both of our lives without any discussion. I do not want to give up on the 17-year investment we have in the relationship, but now I am thinking it might be best to do so.

This man has been using you for a very long time. You deserve more than a lover you only see on weekends who contributes nothing financially to the relationship and doesn't see anything wrong with asking a woman to marry him without discussing it with you first. If you were getting tons of hot sex or a lot of emotional support, I could understand why you would put up with him living in a different city on a temporary basis. But you'd probably get more out of opening a bed-and-breakfast inn. Get rid of this churl and the psycho straight lady who can't take no for an answer. Find yourself a kinky farmhand who likes horses and will be grateful for the loyalty, warmth, financial security, and erotic spirit of adventure you can offer him.

I am a 40-year-old lesbian who has been out for ten years. I live in a small city in a rural region, where the social climate (even among lesbian feminists) is puritanical. Several years ago, I worked as a call girl and a stripper because I couldn't find any other way to support myself and my child. I tried to be discreet, but rumors about me began circulating in the local lesbian community. I've cleaned up my act since then. I have a graduate degree, a respectable job, and a monogamous relationship with my partner of three years.

The problem is that other women won't let my past die. When my partner and I decided to move in together, several "friends" (hers and mine and some anonymous callers) warned her that I was a flaky, dishonest, "bisexual" sex addict. I had already told her the truth. I withdrew from everyone I knew at the time because I believed I couldn't trust anyone. My daughter, now 14, knew that something was going on. I told her the truth so she could stop wondering. How her life will be affected by mine remains to be seen.

My original plan was to leave this town as soon as my education was completed, and I would still like to. But my partner doesn't want to move yet because she likes her job and doesn't want to "give in to the bullshit." My daughter wants to finish high school where she is. I dread going anywhere in public with either of them because I'm afraid that anything I say or do could give rise to

leave this town as soon npleted, and I would still oesn't want to move yet and doesn't want to My daughter wants to she is. I dread going any- er of them because I'm or do could give rise to more gossip about all of us.

I don't know whether to pretend I don't care what anyone thinks about me or tell my partner and my daughter that I will be leaving town by a certain date regardless of what they want or decide. I could also fight back by coming out as a feminist ex-whore with an interest in the rights of sex-trade workers. My partner and I are both involved in local feminist groups, and she has shown some willingness to support me in this. She says she is trying to "understand" prostitution, although I don't see why it's such a mystery to her. I'm afraid of what could happen if I go public, but I don't feel that I can stay where I am.

Don't let other people shame you. Instead of giving your child up to foster care, becoming homeless, or sinking into despair or addiction, you found a way to survive and care for your daughter. I hope as she grows up and realizes what hard choices adults often face, she will come to love and respect you for being so tough and determined.

Every woman knows deep down that if things get really bad, she always has one thing she can still sell. Women who have never worked in the sex industry are often hostile toward prostitutes, strippers, and other sex workers because they are afraid that someday they will be desperate enough to join them. There is also a certain amount of jealousy. Lesbian feminists might think they are being progressive when they attack hookers, but in fact they are acting out of the oldest proscriptions of male-dominated society. Good women are supposed to maintain the sexual status quo by punishing any women who dare to deviate from it.

In the gay community, friends often react with anger instead of support to a new couple. Sometimes this is because they feel they've lost a potential lover. It's also because we lack traditions like engagement parties and wedding showers, which force people to behave politely and offer congratulations when they're really seething with envy and unhappiness. This negative reaction forces many couples to stop participating in their own communities.

If you leave town, do it because you have found a better job or something else that will improve your life. Don't do it to run away from gossip, because it won't work. Someone from your old town will meet someone from your new town at a music festival or something, and it will all begin again. You have no control over what people think or say, so refuse to let it limit your life. Since you feel that everybody already knows your secret anyway, why not tell them your side of the story? The best feminists have been fighting to decriminalize prostitution since the women's movement began. You might as well be under house arrest. How could fighting back make things any worse?

It's too bad that your partner continues to distance herself from you by saying she doesn't "understand" prostitution. It's only a job, not a pathology, for God's sake. Some of us couldn't stand working in the construction industry. Some of us couldn't stand doing phone sex. Some of us are good at blue-collar work, while others prefer a shift at the massage parlor. All labor is honorable. She should get a copy of *Sex Work* (the Cleis Press anthology edited by Frederique Delacoste and Priscilla Alexander), read it, and stop letting the little minds and big mouths in your town intimidate and harass you.

Wanted
Model/Poser (Actor?)
Looking for a very specific type who must be: extremely good-looking (GQ handsome/executive look), age 28-42, dark hair, masculine & very straight-acting; in shape, well-defined 5'10"-6'3" but no pumped-up body builder; clean-shaven (tan?) face, hairy chest (smooth back & shoulders); well-hung, cut, no shaved pubic hair. Look great in suit/tie and even better in and out of boxer shorts. Be friendly, warm & affectionate; clean, safe & healthy. Enjoy showing off. Wanted for a discreet mild fantasy. Very easy gig for sincere intelligent man who really is all of the above.

Before calling us please call the other agencies, (you know Thoroughbreads, Big Guns, WOW—the ones who hopefully change their models more often than they change their ads; although we doubt it) and the independents, (you know the ones that say, "HUNKY STUD MUFFIN FROM STATEN ISLAND" and then when you open the door he's so ugly the cat runs under the refrigerator), please call them first, because after you've come with us you'll never go back and, frankly, we love the competition.

"I WATCHED MY ROOMMATE BOX NUDE."

It happened to me

BY TOM BACCHUS

After a touchy situation with a roommate who was more concerned with making flammable art pieces than paying his rent on time, I made plans to move out. I hunted around for a new roommate in Pittsburgh. I looked in a different part of town, Southside, and for a big space to share as well as a sane roommate with a steady job.

At least I found a nice place. The roommate was another story.

His eyes struck me first, steel gray, then his frame—angular, shoulders and pecs that pushed nicely out of his dingy T-shirt.

"You the latest?"

"Huh?" I sputtered, pulling back. He loomed in the door frame.

"The latest to look at the apartment."

"Oh, yeah." I held the apartment listings of the local paper in my hand.

"Well, c'mon in. I'll give ya the grand tour. This is the living room, quite unkempt, but that may change." I followed him inside, watching his back as his arms pointed out the different rooms. As advertised, it was a large "unusual loft space, first floor, former storefront." The place had been severely renovated, like many of Pittsburgh's Southside spaces, like those fixed up by trend-seeking artists who sought new spaces for their various eccentric creative endeavors. This guy wasn't one of them.

"This is the bathroom, roomy, as you can see."

"Who did the work here?"

"I did," he said modestly. "I'm a carpenter. Put in all the new fixtures, tile work, the bench." He nodded to a curved marble bench set into the wall of the extra-large shower. I noticed a thin metal shower attachment. It didn't look like a Water Pic.

"What's that?"

"You don't know?" He smirked, taking it from its holster on the wall. "You might find out, if you move in...and get in the mood for a little...pipe cleaning." He winked.

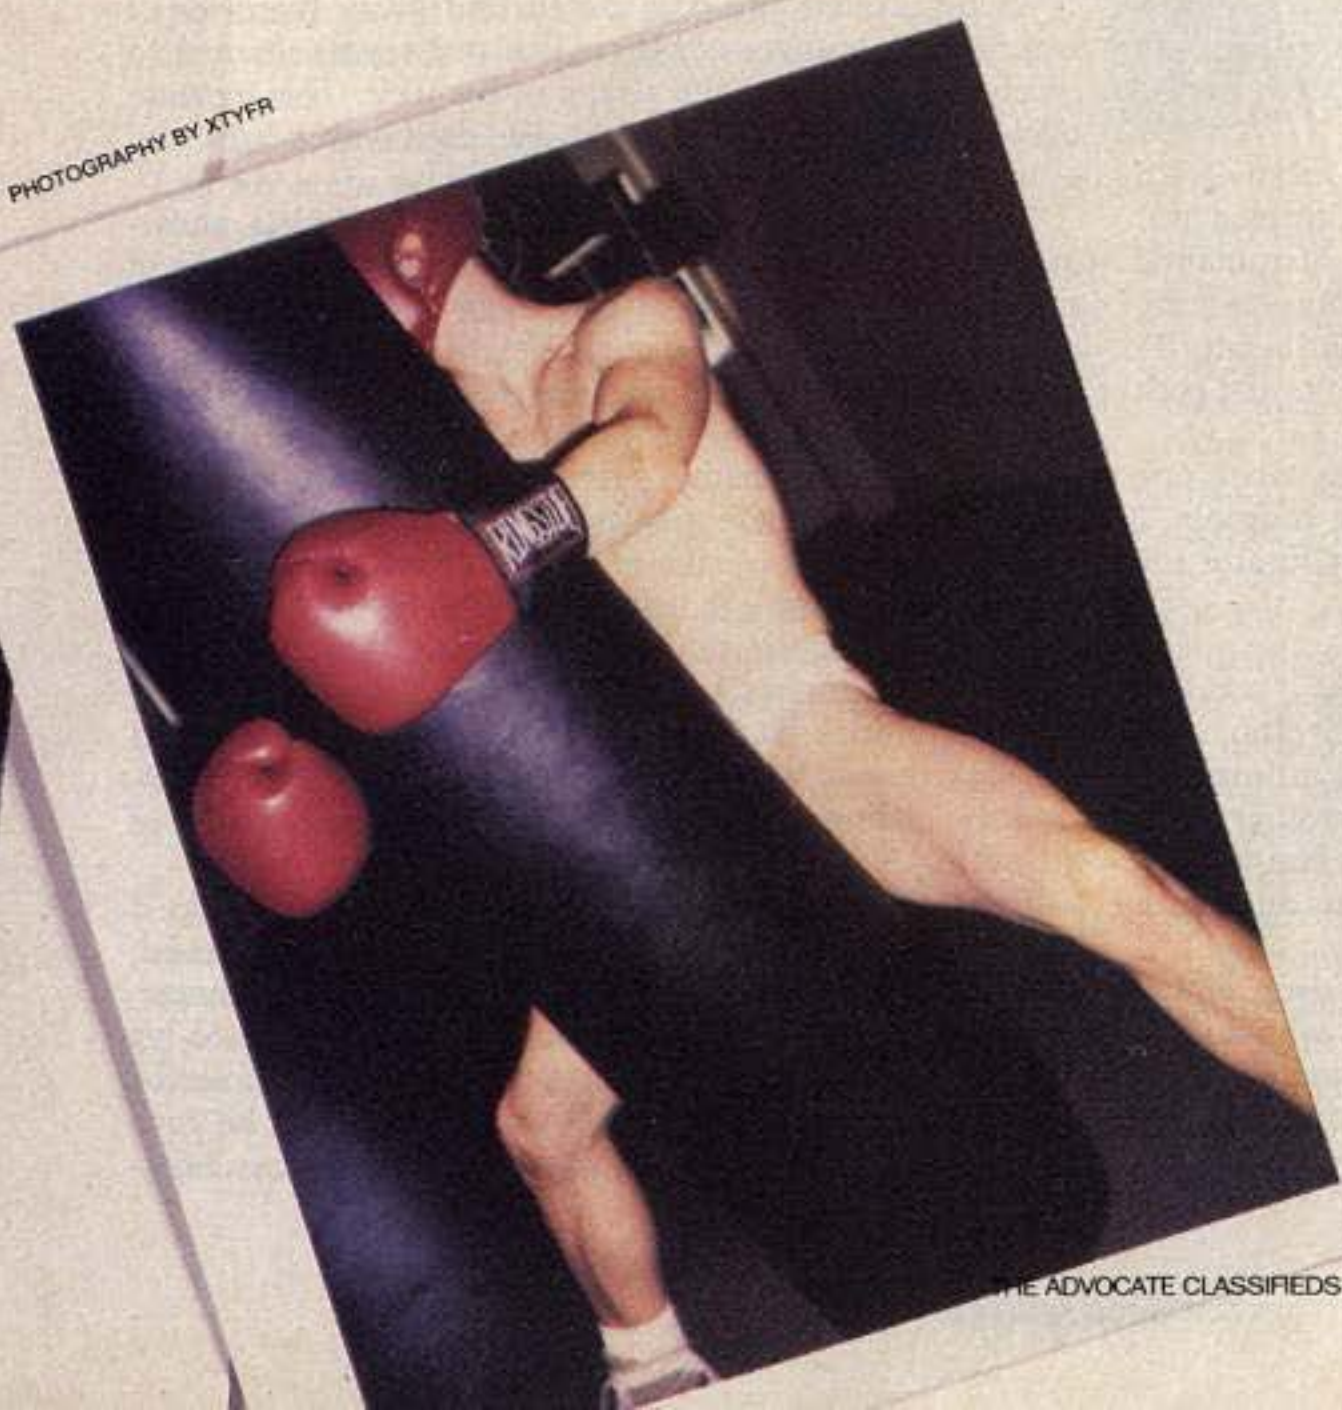
"Oh." The bathroom suddenly felt very small.

"Lemme show you the bedroom." He dropped the hose attachment and scooted past me. I almost smelled a whiff of him as we brushed shoulders. He showed me what would be my bedroom, a spacious room with high windows that let in a lot of light. I liked that.

"This is a great place," I said as I inspected the closet.

"Plenty of room in there," he said.

PHOTOGRAPHY BY XTYFR



"But not for me."

"Huh?"

"I should tell you, I'm gay."

"I'm Rex." He came closer and shook my hand. "When do you want to move in?"

He was really helpful with the boxes, helped me move stuff in, even ordered pizza and some beer. I was playing Suzy Homemaker in my room and needed a hammer to hang some pictures.

"Hey, Rex," I called out to the living room. "You got a hammer?"

"Yeah, it's in my room. Justa sec."

"That's OK, I'll get it." I walked down the hallway and opened his door, shocked to see how dark it was. A bed lay on the floor in one corner, a pile of clothes in the other. Even stranger, a beat-up punching bag hung from the ceiling in another comer. But as I headed into his room, Rex practically jumped in front of me, guarding the door.

"That's my room. You stay out, and we'll get along fine."

"Uh, sure." He got me the hammer but left me feeling more than a little nervous.

"What's with the punching bag?"

"I used to be a boxer." He tapped his flat crooked nose. "But I quit."

"Oh."

"Still like to work out, though. Gets the aggression out."

"Right."

Despite the slight tension over turf, we did get along. Rex worked days, and I had a restaurant job. I'd be gone for work before he got back, and when I retumed he'd be asleep. Sometimes, though, I would discover that he'd been out all night, especially when I heard him come in to change, only to head out to work again.

It was only on lazy Sundays that we both ended up home at the same time. Rex would be up and about by 11, and we had a late breakfast together, no froufrou brunch, but a serious meal of pancakes and eggs—waffles sometimes. He cooked a lot, I noticed. I appreciate good food, but working in a restaurant, I practically get all the free food I want, except for grabbing a banana and a muffin for breakfast.

It was nice, those few Sundays. Innocent, even. We'd split up the Sunday *Times*, read through it. Our chat was light, not at all flirtatious. I felt no inkling of romantic desire coming from him, although I did enjoy sneaking glances at his form in a baggy pair of boxers and a ratty T-shirt. We'd eat, and then he'd be off to the gym or the park or one of his mysterious dates.

He never brought guys home, and I saw why when one day I came home to really sniff around in his bedroom. I had respected his demand to stay out, but finally my curiosity got the best of me.

From the brief glance I first had, I thought it was less than homey, but I was surprised to see that the room was so dark. A shade blocked out any sun from the window, and the floor was a cool clammy cement. An odd bit of lax homemaking, since my room had a warm carpet, and the kitchen and living room were done in a funky yet solid wood.

The first thing that struck me was the smell: deep, tangy, and very male. The pile of sweaty clothes was what did it, and drawn to it like a rutting pig to truffles, I snuck over to it, expecting Rex to come barging in at any moment. Tumbled in among T-shirts, sweat pants, and socks were a few jockstraps. I grabbed them like a prospector finding gold. I crept over to his floor-level futon, noticing that the faded white sheets were coated with little discolored stains, a crusty landscape of come spots. The bed reeked of the dried funk of his many jolts of nightly spew. I stripped off my clothes, lay down, humped the sheets and clutched the two pillows that nightly supported his head, then grabbed the dank jockstrap and brought it to my face, my dick already hard from the deep flavor of his sweat. A stray pubic hair clung to the ragged pouch. I inhaled the smell then licked the strap and stuffed it in my mouth, jacking my cock to a quick and furious ejaculation. Feeling like a sexual thief, I took one of the jockstraps with me as I retreated back to my room with my funky souvenir.

My jobs became split as the cold weather cut into dinner crowds. I rarely saw Rex, until I had a night off on Tuesdays and discovered just what it was he did in that dark room. Having taken a nap, I awoke to the sound of punching. Figuring he was in his room working out, I crept softly across the hall to sneak a look at my mysterious roommate.

He wasn't a big guy, but he had muscles. Not bubbly mounds like a body builder, but flat, lean, tight ridges of functional muscle from his former years as a boxer. His nose was a bit crooked in a sly attractive way like Roy Scheider, but his body was young, tight, and smooth.

He was punching the bag with a tight, controlled fury, wearing only gloves, a jockstrap, and shin-high laced shoes. I watched through the sliver of an opening in the doorway in amazement as he pummeled the bag, his nearly nude body glistening in a fresh sweat in the dark room, a single slat of white afternoon light giving him a warm glow. The pouch of his jockstrap was coated in sweat, the contents bulging and bobbing, translucent through the moisture. Dark hairs, fanning down to his crotch, curled flat against his tight abdomen.

As he circled the bag, he turned away from me. I watched the muscles of his ass flex and release, framed so nicely by the dull white straps of his jock. The crevasse between his flexing butt cheeks was dark with a light trail of hair descending into the curves of flesh.

He leaned back, took a break, and heaved over, showing more clearly the dark crease of his ass. Droplets of sweat fell to the floor as he bent over. In a mere minute a pool of liquid had formed at his feet.

It seemed his workout might be done. I panicked, thinking he might leave the room for a glass of water, but he picked up a bottle nearby, guzzling it, then letting some fall down his body, where it splashed against those flat boards of pecs, the ridges of abdomen, and down into the pouch of his jock. It seemed to irritate him, and he tried to scratch the contents of the pouch. Then with those puffy red gloves, he managed to slowly shuck the jockstrap off, revealing a thick dangling tool and heavy balls. He tossed the jock near a laundry basket, then rubbed his gonads with the boxing gloves, pressing them into the big maw of the mitts.

This got it large, and he stood, admiring his pumped body. As he pulled his gloves away, I saw it had thickened, bobbing now like a wet banana, wanting, getting thicker, pulsing with life. He brought the wrist of his glove to his teeth, and tried to pull the strings away to free his hands for a more pleasurable workout. But after a moment he gave up and continued frisking his cock with the big mitts, occa-

sionally walking over to the water bottle, his stiff dick bouncing around like a small board.

Then he did something that made my throat choke and my heart race with perverse voyeuristic pleasure. He grabbed the punching bag with both arms, hugged it, and began humping. Standing at the suspended bag, I watched as his ass muscles flexed and released. He was making love to his bag and humping the damn thing like an animal, shoving his hard cock against the clammy canvas bag. He stood back a moment, letting it dangle, then dropped a gob of spit downward. It landed on the head of his cock with a tiny splat. He lathered his dick up with a glove, then resumed humping, grinding away, standing at the bag, clutching it while his hips bucked back and forth, up and down.

Getting closer, he pulled away and jacked his cock on the top of his boxing glove, then his legs began to quiver, his balls rose, he cocked his head back, and a small dribble of come seeped out, followed by a furious spurt that shot nearly ten feet from him. Another blast spit from his piss slit, then another, and he gasped and growled in glorious ecstasy. Clutching his cock, pressing it, and pumping with the big gloves, he continued rubbing his dick. More globs of spew dribbled over the red glove, and in an ecstatic moment, as his ejaculation subsided, he brought the gloves to his mouth and licked. He slurped the come from his gloves, then, dizzy, his eyes kind of glassy, he looked down at the floor and went down on all fours and crawled to each glistening puddle of pud lava on the cold stone floor, lapping it up like a hungry dog, grunting with pleasure as he swallowed.

Every puddle lapped up, he crawled to the ragged bed mattress by the window, pulled the shoes and gloves off with a bit of effort, then lay back, his stomach and chest heaving, grinned a bit, and rested.

I pulled away from the door, my heart calmer now. I slowly crept back to my room, dizzy with the intimate self-pleasure I had witnessed. A new light had been flashed open to me, an entirely new side of my quiet, sturdy roommate. As much as I wanted to confess to him, come running to him to tell him how beautiful and sexy and kinky his masturbation was, I merely lay down myself and jacked off with his jock held to my face, then fell to a heavy sleep.

But that was only the beginning.

Days later, I bumped into Rex in the hallway as he emerged from the shower, naked and wet, rubbing a towel over his brush-cut hair.

"Whoops."

"Hey, guy. Did you just work out?" I asked.

"Yeah. I'm going out. Got a hot date."

"Aha."

"Yeah," he grinned, standing there naked, enjoying watching me watch him. "I cleaned the shower attachment, so you can use it...if you figured out how yet." He gave me a snap with his wet towel. I smiled, watching his naked form disappear into his room.

The bathroom was thick with steam. Although I hadn't planned on showering before going out to meet some friends, I quickly stripped, vaguely turned on by the shower having recently welcomed his form. I noticed stray hairs, his; the soap, still moist and warm; and the faucet dripping. The room smelled of him. I stripped, dropping my clothes on the wet floor with abandon. Naked, I turned on the hot water, then fingered the thin mysterious attachment, suddenly realizing its purpose.

Pipe cleaning.

I took the attachment from the tile wall,

switched the nozzle, and was almost shocked by the spurt of water from the tip. Then I brought it between my legs, letting the water shoot over me like a safe water-sports fantasy. Letting the burst of spray tingle between my butt cheeks, I tried to insert it into my ass, but the metal was hard and rigid. I grabbed the soap. One of Rex's pubic hairs clung to the white bar. I lubed up my tight hole, foaming up, then slipped the metal dildolike thing in. My dick grew hard in a second.

Shocked by the warm jolt of water inside me, I pulled it out after a moment, then quickly sat on the toilet for a sort of diarrheic release. I was freaked but did it again. Finished with my shower, I toweled dry. I hung the thing back up on its hook, my insides tingling with a new cleanliness, secretly thrilled as well that this bathroom apparatus had also been up Rex's ass, a place I hoped to explore soon. I jacked off in the shower, soaping my cock, shooting over the marble bench he had so skillfully installed.

After my new shower experience, I began to play with the attachment more often, but not too often. I heard somewhere that too many douches weaken the colon's natural disease-fighting bacteria. I just played with it enough to make my own timid finger-fucking less...messy.

But then I realized that Rex was doing the same thing for

a reason, and he wasn't dating too much. He must have been shy like me, despite his good looks. I figured out what it was he was cleaning out his butt for when I noticed what he bought.

Cucumbers. Big ones. Dick-sized ones. In addition to piles of food of every kind, the refrigerator always seemed to have a few nicely shaped cucumbers, the size of a big erect dick, big as mine, some even bigger than Rex's meat, which was still inspiring my late-night jack-off fantasies. I realized that Rex was not just making salads with these things.

Unable to wait to prove my suspicion by spying on Rex again, I took matters into my own hands.

I took a nicely shaped cuke that reminded me of an old fuck buddy, washed it, then put it in the oven and set the gas on warm. Ten minutes later, the hot green phallic thing in my hands, I retreated to my room, grabbed my favorite bottle of lube, the water-based kind that, upon greasing up my dick, I had discovered had a sweet taste and smell. I licked my hands for more spit lubrication. I lay over my pile of porno, flipping pages as I sniffed Rex's jock and softly shoved the cuke up my freshly douched ass. The water acted as an extra lube, and the thing slipped in and out from my thrustings like a patient lover. I didn't realize Rex was home and that my door was open when he walked by and stopped a moment, stunned at the sight.

"Well, I'll be." He stood there. The cucumber plopped out of my ass. "Looks like we both got a more intimate appreciation of fresh produce."

"Uh, I was just..." I grabbed for a bit of sheet to cover myself with, but Rex sauntered right into my room, pulled off his T-shirt and began to undo his belt buckle.

"I've got something even better to fill that hole."

"I'll bet you do."

"C'mere. It's time I got properly innerduced to my roommate."

I rose to my knees just in time to see Rex's cock flop out of the crotch of his jeans like a long-awaited gift. It was just as beautiful as when I'd first spied it, only this time I tasted it; warm, slightly salty, like a combination of nutmeg and piss. He tried to pull away to shuck his pants and boots, but I wasn't about to give up on this totally suckable monster. I clamped my lips on that dick and sucked down to the fuzzy root, clutching his ass like a starving suckling baby. Something about being half near coming and having had a cuke fucking my butt nearly sent me overboard with this flesh serpent choking me clear back to my tonsils.

"Ah, feels good," he moaned. "That is so sweet." Rex had managed to get his pants down around his ankles, but it proved to be his downfall, literally. I grabbed him, turned him, and released his cock as I shoved him down on my bed.

"Whoa, gettin' feisty!" he hooted while I jumped atop him, planting a big wet kiss on his lips. I didn't care if he was one of those butch posers who don't kiss. If he was, he was about to be converted.

Fortunately, he liked kissing and jabbed his tongue into me like he hit that punching bag; hard, fierce, and relentless. Then his thick palms grabbed me with a powerful force, pulled me up until my head bumped the wall behind my futon, then I felt a warm wetness as he damn near swallowed my cock, lathering it with his tongue, pumping it, forcing my hips back and forth in front of his face. He let it plop out, then lowered his ferocious tongue bath to my balls, licking them, taking one, then both, into his mouth. The force of his exhaled breath pulsed from his nostrils like a stallion. It was a warm tickle on my spit-slicked dick. I pressed my palms against the wall for balance, smearing the combination of my own spit and the lube into wet prints on the cement wall.

His tongue dug lower as he pushed me further up until my ass straddled his face. He nestled his flat boxer's nose at my crotch, and his tongue darted between my spread butt cheeks. Then he dug in deep, licking into my puckered hole. I rode him a good long time, enjoying every flick of his wet tongue. I could have ridden him all day long, but I had so much more of him to enjoy.

I pried myself from his gloriously angled face, batting my dick over his lips. "I wanna suck you while you punch the bag."

"Sure."

We stripped and moved into his dark room. He went for his gloves, but I said, "No. Barefisted."

"You watch too many movies," he shrugged, then grinned, and went over to the bag. I stood near him.

"Punch it." He did, and his entire body tensed and relaxed. I stood back, walked around, watching as his naked form did battle with this sack of canvas. He was every man in the gyms I never had, every surly glare from a nervous straight I ever thrilled at, every tingle of violence in sex, only made safe.

He dutifully pummeled the bag while I knelt, licked at his ass, jacking my cock while I tasted the sweat rolling down his back. I held the bag, facing him, watching his cock bounce back and forth and then grow hard again, then I leaned forward and took it again in my mouth. Droplets of his sweat fell on my shoulders, my nose, my back. His punches grew harder, shorter, quick jabs, until they slowed, my devoted sucking distracting him to exhaustion. I looked up, exalted.

"Whew," he reached for a towel, his torso glistening with sweat. "You havin' fun?" He looked down at me as I knelt below the swinging punching bag.

"Yeah."

"Good, 'cause I've had enough of that. We both got twitching assholes needin' a good fuckin', doncha think?"

"Yeah." He stood back over me, handing the towel as an offering. I rubbed my face in its moist funky smell. He twisted the towel around like a rope, brought it behind my neck and pulled me up with it. We stood face to face.

"You ever been double-fucked and sucked with just one guy?"

"Can't say that I have, nor that I can figure how to maneuver that."

"Why doncha go get a few fresh cucumbers warmed up while we hit the showers?"

"You're sure a kinky fucker, aren'tcha?" I asked.

"Kinky but clean."

"Oh, yeah?"

"Yeah, so let's go get butt clean and do some double-fucking!"

If I thought having boxer sex with my new roommate was kinky, I definitely had another lesson to learn. After showering and cleaning out our butt holes, we lay back down on Rex's bed in the funky darkness of his room, licking and sucking. He slipped on a condom and gently slid his meat into me, slowly spreading my ass open while he gained his pace, then plunged in deep, ramming his dick into me. We fucked in just about every position, missionary, doggy-style, even him picking me up and having me wrap myself around his punching bag while he stood fuck

ing me from behind. But never once did he let me come.

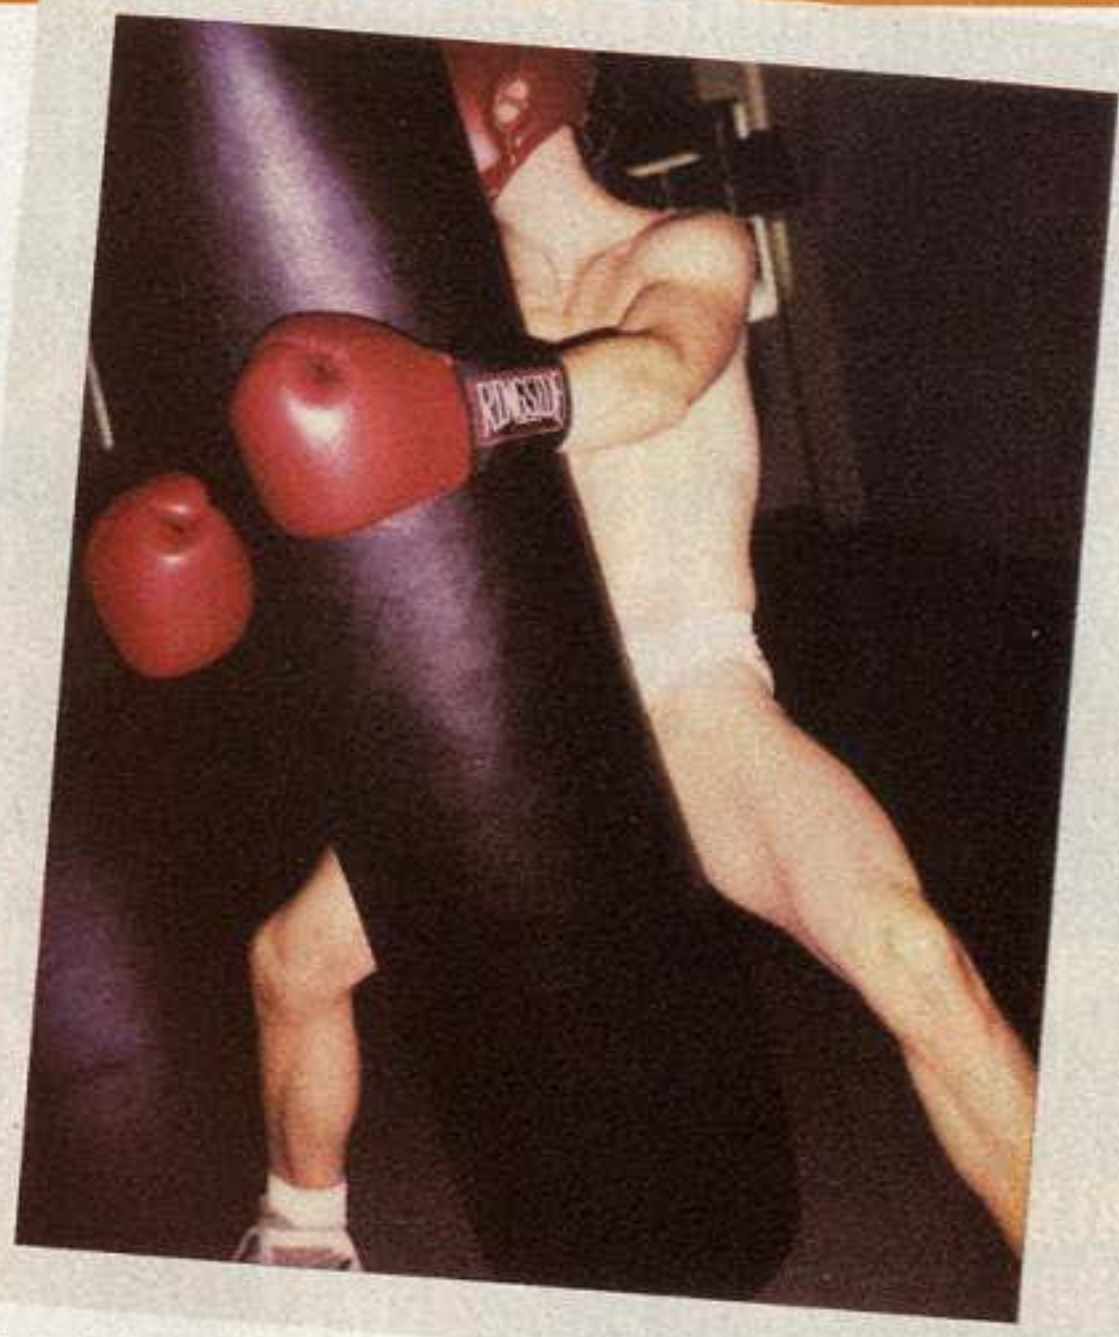
"Now it's my turn to ride," he whooped as he ripped the rubber off his dick, grabbed a fresh one, slid it on me as I lay on his funky bed mat, and—easy as you can say "homegrown vegetables"—sat himself down on my upraised cock with a twisted little grimace of his butch face.

"Aw, yeah. I been wantin' yer dick up my ass since we shook hands."

"You sure take your time," I grunted as I jutted my hips up to meet his tight chute. His cock bounced about on my belly, hard as a plank. I reached for it, eager to see him spew while I pounded his butt. He got close to coming, then grabbed me strongly by the wrist and pulled my hand away.

"Not yet," he whispered as he leaned down close and shoved his tongue past my lips, running it over my teeth, licking my beard stubble, sucking sweat pools from my neck and down my sternum while I kept fucking his tight, tight ass.

"Don't you dare come." His steely eyes inches from mine, he held a clenched fist near my jaw. Despite the velvet-soft touch as he mock-punched me, I flinched.



He took one of the almost hot cucumbers and greased it up while I washed off my cock. I returned to see him on his stomach, holding the slimy green natural dildo in his palm.

"Fuck me."

"Consider it done." I knelt beside him, rubbed the striated muscles of his back, then massaged his already primed ass. I nudged his butt hole, then slowly slid the slab of vegetable into him as he hissed a moan and raised his rump to meet it.

Leaning in close, watching that slimy green thing plunge in and out of his rear end, I took a wild pleasure in watching my actions as he growled his obvious pleasure. I'd never so much as used a regular dildo on a man, and watching myself shove this thick product of Mother Nature thrilled me as much as the time I got in a drunken three-way in college and watched one buddy plow another. But this was different. I was doing it, shoving that green dick-thing in and out of his puckered chute. In his horny hunger he reached around and grabbed my dick. I scooted back, and soon we were tangled in a warm sixty-nine, but soon, as we enjoyed our mutual knobslobbing, I felt the other cucumber nudging my butt. This must have been what he called a "double-fuck suck," and it was gonna be tastier than a triple scoop of Heath Bar Crunch.

My cock was surrounded again by the warm velvet of his mouth, tongue, and throat, and then, God, yes, then I softened my ass muscles enough to let that other thick cucumber glide up into my bowels.

"Aw, God, yes, fuck me! Fuck my ass!" His legs spread wider as I shoved the cuke in and out, the warm juices of his butt glistening on the green dick-shaped thing. I clamped my mouth once again around his cock, sucking with a fury, one hand wrapped around his thigh, the other shoving that thing up and into and out of his tight ass.

He jabbed the other cuke into me while I face-fucked him, his moans muffled as my cock nearly choked him. We lay side by side, fucking and sucking. I'd never felt so intimate with another guy, able to fuck him and suck him while he did both to me. It didn't take more than a few pounding, slurping minutes for a blast of come to shoot into my mouth, tingling my tongue with its sticky warm sweetness. I released his cock from my lips, letting a shocking fountain of jism shoot all over. I closed my eyes in passion, felt a rain of come. He nearly screamed, but I slammed my cock home and burst into him, the pleasure running over my ass, my groin, my cock as it shot bolt after bolt of come over his lips, on his tongue and, as he pulled it out, gasping for breath, moaning, begging for me to pull the cuke from his ass, he jerked my dick, letting the spray of come splash over his face, neck, and chest. He let go of the cuke up my ass, and it plopped out with a shudderingly pleasant release.

We lay side by side, panting, breathless, spent. His come lay all over me, the sheets, and the floor. I thought to grab a towel, but then I remembered what I saw him do and wanted him to be mine in just the same way.

"Lick it up. Go ahead, lick it up. I know you like it." He grinned at me, his eyes dizzy like a fresh knock-out. Then he pried himself from me and came about, crawling on his hands and knees pantherlike, and lapped up his own paint-like globs of white juice as hungry as a beast. He crawled around, and as he turned away, I saw that hot tight asshole, the one I'd so thoroughly fucked with my own dick and a vegetable sex toy, and, I swear to God, that ass winked at me.

What would soon become a wild, fun, relaxed relationship had begun. We would sometimes share a friend or two, but that didn't get going until the next night after I came home from work. We bumped into each other in the kitchen.

"Hi," he grunted.

"Hello." We embraced, then pulled apart far enough for a sloppy kiss.

"Oh, I went shopping." He opened the refrigerator door.

"Yeah?"

"Got some fresh produce." He held in his hand the biggest, sexiest dick-shaped zucchini I'd ever seen. ●

WARNING!!! INMATE SCAMS

Down through the years, *The ADVOCATE* has received a significant number of complaints from readers who've been the victims of financial and other scams perpetrated by prisoners.

The postal authorities offer these guidelines to help you avoid becoming a victim of inmate manipulation of your trusting natures:
1. Any type of financial arrangement entered into with an inmate should be highly suspect, especially those in which the inmate requests financial favors, i.e. cashing postal money orders.
2. Money orders received from inmates should be immediately returned to them without cashing.
3. If you feel that you have been or are being victimized by an inmate initiated money order cashing scheme immediately contact the nearest Postal Inspector or Postmaster.
The ADVOCATE strongly advises readers to use the utmost caution when corresponding with inmates. *The ADVOCATE* cannot be held responsible for any financial loss or physical injury that may result from such correspondence.

SECRETS *of the* PORN STARS

BY D. QUINN CALLICOTT

Fiesta de las putas— We bitch, moan, and scream about the obvious lack of glamour in the erotic entertainment industry today, but we can at least thank **Catalina** for continuing to give big ol' blowouts to promote its new vids, providing those porno puppies with an excuse to mix, mingle, ogle, and dish. The epic: ***Malibu Pool Boys.*** The place: the VIP room of Los Angeles's mondo disco **Arena**. The patrons: a festive and messy mélange of the pornorati. The guest that we missed the most was the star of the evening, **Cody Foster**, who was rumored to be lying in his sickbed back home in Denver. I for one was looking forward to seeing him shake his taut li'l rump all over the place. But have no fear, there were mo' bootays running around than you could shake a stick, or a stick pussy, at. The usual bestowing of videos to the rabid fans downstairs was presided over by **Chi Chi La Rue** and the fabu **Marilyn**, who gives a most jaded fin-de-siècle take on the icon. Chi Chi also brought tempting teddy bear **Wes Daniels** to the stage because it was his birthday as well. The crowd serenaded him with a jumbled but sincere version of the traditional b-day anthem, and Wes proceeded back up to the VIP room to revel with the other party guests.

BO TATE

Cody Foster

Those in attendance included **Adam Archer** and **Alex Carrington,** whose new **Arrowstar** company is in production with its first feature right now (which incidentally includes a sequence where Adam sticks an entire 14-inch doubledonger all the way up his wazoo till the fucker disappears and ejects itself à la ***Alien***). **B.J. Slater** and his new beau, porn star classic **Brian O'Toole,** were swigging back the Jaegermeister in a fierce battle over who was gonna bottom out at home after the party was over. **Dylan Fox** was working it hard, dancing to the trash disco strains of "Push, Push in the Bush." **Matt Gunther** was in the house, giving more than just shades of **Charo**. **Tony Angelo** was running around shirtless, making goo-goo eyes at Carrington. **Steve Gibson** was attempting to tell and show the world how godlike and perfect he was. (Guess what, babe? The audience is not listening. Especially with that odious new dye job, hon.) On the other hand, **Randy Mixer** was as beautiful on the inside as he was on the outside, mixing it up, as it were, with his bitchen roommate who moved up to Los Angeles from San Diego with him. **Karen Dior** was playing Dueling Table Dance with Mr.

MARTIN RYTER

Steve Gibson

B.J. Slater

Gunther, as both shamelessly vied for attention and tips from their friends. **Corey Nixon** was looking an awful lot like **Cher** (are you paying attention, **Brett Ford**?), and newly established director **Otto Partz** was scouting out boys for his upcoming productions. **Dave Kinnick** was soaking it all up (perhaps prepping for his new book), as were **A.M. Hall** and **Michael Gaylord**. A few wound up at a small, intimate after-hours party that included the effervescent personality of the ever-present **Bubba**, who always seems to find himself on the fringes of the pornorati. All in all, a successful party. High praise goes to the dudes at Catalina for injecting a little bit of oomph back into the biz.

Butt plug—This column's shameless plug goes to a most deserving chap by the name of **Robbie Cryston**. Booming out of the San Diego area, he has

STEVE RAY

Wes Daniels

taken the smut world by storm with his beauty and charm. He sports a tattoo of **Thumper** on his chest, so you can easily imagine what this demigod sees as his station in life. Why, thumpin', of course! He is one of the most enthusiastic bottoms ever seen in this biz. His hypnotic eyes and the sexy snarl of his upper lip only add to his bounteous appeal. In addition to the fact that he's a real doll, he's got a mind too! Keep an eye out for this one. Robbie is one boy who's destined to leave a lasting impact on the minds and libidos of porn fans for years to come. Mark my word.

Girlfriend in a coma—A quick anecdote on the butchness of one of the most visible stars of the moment. **Randy White** is s-o-o-o butch... How butch is he? On the set recently, Otto Partz jokingly and affectionately referred to Mr. White as "Blanche," a standard colloquial gay term of endearment. Randy was obviously offended at such an attack on his machismo and asked Otto to never call him by a girl's name again. Otto said, "Alright...Mary!!!" Randy was not pleased. All I can say is "Get over it, Miss Mary-Girl-Thang-Woman-Child, Frau White, honey!" Obviously, some of us have issues, and in this day and age, we can't afford to worry about acting like breeders. (I'll step off of my small yet tasteful soapbox now.)

RESIDENT ALIEN, A.D.

And in closing—B.J. Slater has been doing quite a bit of volunteer work for the **Youth AIDS Foundation**, trying to get a new benefit together. This one involves the birthday celebration of straight-porn legend **Amber Lynn**, who has decided to let the foundation base its newest fund-raiser on the occasion. Cochairing the event is another starlet of erotica, **Victoria Paris**. Hopefully, with the help of B.J., this event will bring the best of both the straight and gay worlds of porn together for a damn good cause. And rumor has it that many guests from the realms of music and film will be in attendance as well. I'll keep ya posted. ●

Star fucking

Guido Anthony's

General forecast for Sept. 22-Oct. 6

Neptune, the planet of illusions, and Uranus, the eccentric planet, will turn direct as we speak. Together, those planets will eventually change situations in your life and perhaps your sexual role. Mars, ruler of sexual emotions, in Cancer, favoring Venus in Scorpio, has you so hot and horny that at the slightest touch you're hard as a rock and ready to explode. Forget the devices, light bulbs, and gerbils, the real plug-in is between your legs. The more erotic the sex, the better. As usual, if you know your rising sign, read that as well.

ARIES (March 21—April 19)

Mars, your ruler, is moving through Cancer and makes you less aggressive and more compassionate, which is a first for you. Mars's favoring Venus in Scorpio arouses your soft cock to a hard-rock position, and just like the ram, all you want to do is butt-fuck. Uranus in Capricorn turning direct could cause knee injuries, but you're always on your knees anyway, and it's not from genuflecting. So keep your knee pads and Handi Wipes close by.

TAURUS (April 20—May 20)

Your ruler, Venus, the goddess of oral sex, is moving through the Scorpio sex sign, making you so fuckin' horny you're ready to bust a nut. The favorable aspect from Venus to Mars releases your locked-up sensitivities and increases your deep-throat sucking action, for which you're well known. The Libra new moon says find a flexible partner who will reciprocate those intimate feelings and positions.

GEMINI (May 21—June 21)

Mercury, your ruler, is moving through the partnership sign of Libra, creating communication problems. Why talk about it all night? Get graphic and let that hunk fuck your brains out. "Fuck now and talk later" should be your new motto. Venus in Scorpio until October 19 makes you sexier and more promiscuous. Make sure you suck one for us.

CANCER (June 22—July 22)

Mars's moving through your sun sign for the next seven months not only adds more emotion and compassion to your already sensitive nature but helps you take it up the ass with a more far-reaching thrust than usual. You feel the penetration deep inside the pit of your stomach, and, under your master's manipulations, you shoot your load with ecstasy. Don't forget to play your games obediently, 'cause tomorrow it's another game.

LEO (July 23—Aug. 22)

The lion is roaring like a fuckin' maniac as Venus enters Scorpio this week. Your sex partner is in an unusual sexual mode and can't keep his mouth off your dick. Maybe if you smack him around a little, you'll get him to pay attention to your backside and let nature take its course. Versatility is the name of the game—take heed, lion, or you may end up sleeping alone.

VIRGO (Aug. 23—Sept. 22)

You're constantly looking for the perfect mate, but Jupiter's moving through Virgo may bring you only a fuck buddy. While some Virgos were separating fantasy from reality, you were separating the men from the boys. So what if they're not hung like a horse and uncut! A little imperfection now and then might get you a hot cock. Uranus and Neptune's favoring your sun sign will bring a romance full of lustful desires.

LIBRA (Sept. 23—Oct. 23)

You can never decide which way to take it...so just take it down your throat and up your butt and get all your urges satisfied. Venus and Mars's ruling your sexual balance has you tipping the scales in your favor. Must be that big cock you're dragging around. More flexibility is required if you want that stud to come...again.

SCORPIO (Oct. 24—Nov. 21)

You are one of the sexiest cockhounds of the zodiac. You could be somewhat more discreet or particular, but then you wouldn't get all that cock. Venus' moving through your Scorpio sun sign has you ready to fuck on a moment's notice. As Mars moves through Cancer, your charm and sex appeal become all the more evident, and that dangling piece of meat you're showing demands attention.

SAGITTARIUS (Nov. 22—Dec. 21)

Jupiter, your ruler, being the planet of expansion, has endowed you with equipment beyond expectations. Being somewhat of an exhibitionist, you don't mind showing off your huge cock. You love the attention and the servicing that others perform on you. Astrologically speaking, Sagittarians are epitomized as half man and half horse, and Jupiter, moving through Virgo, will bring out all those animal instincts.

CAPRICORN (Dec. 22—Jan. 19)

Saturn, your ruler, has restricted you from openly expressing your sexual desires. However, that has not stopped you from fucking and sucking in those secluded places. Saturn in Aquarius now makes an about-face, releasing those pent-up inhibitions, allowing you to express yourself more freely. Mars's opposing Capricorn stimulates your sexual appetite. Be very cautious where you hang your Fruit of the Looms.

AQUARIUS (Jan. 20—Feb. 18)

You are considered to be the oddball of the zodiac, but being odd is what merits you that accolade. You can now get into anything as benefic Venus moves into Scorpio—even that hunk you've been cruising and yearning to fuck. Mercury's moving through Libra could tie you down in more ways than one, which is not too unusual for you to welcome.

PISCES (Feb. 19—March 20)

Neptune and Uranus suggest you cultivate your fantasies. With Mars entering Cancer, those real hard-core sex games become very appealing to you. Get into that leather scene and perform your martyr role for that hot stud you're about to service. Venus in Scorpio has you hot as a firecracker and as your dick swells to its maximum proportion, ecstatic eruption is achieved.
