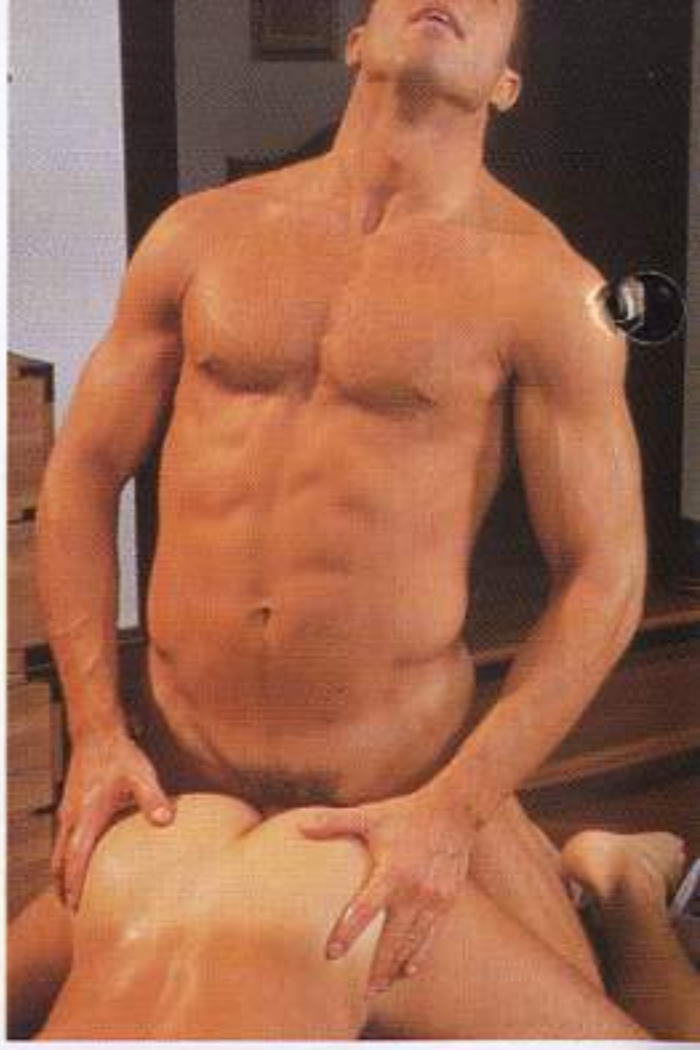
The press release states that this is "the first in an ongoing series of videos based on letters from HOT HOUSE viewers."This is Hot House's second feature release, directed by Steven Scarborough. Mark Baxter (above, top), making his return to video after three years, appears in a romantic scene with "lover" Jake Andrews. Baxter uncharacteristically puts in a few choice moments as a top, ranking him higher up the All Time Sex God ladder a few more rungs.

Dave Logan (opposite page) and Devyn Foster act out "Pent -Up Roommate Lust" according to the press release. What they really do is milk their skin-sheathed penises into a paroxysm of man-cream.



A Claude Jourdan (below right), Cliff Parker, and Sean Davis threeway opens the video. Representing Canada, Australia, and the States, this trio burns bright and screws hard in a most global kind of way.
