PAT CALIFIA'S SEX ADVISER

I'm 44, and I live down the road from friends (husband and wife) I've known since college. Their 15-year-old son has always been like a nephew to me. This summer, his behavior around me has become very provocative, especially when he comes over to use my pool—things like "napping" on my bed, forgetting to close the bathroom door, and always changing into his swimsuit (a thong, no less) in front of me (often with an erection). I've chosen to act oblivious, so as to neither encourage nor embarrass him. Am I doing the right thing? Today, when his parents suggested he stay overnight while they attend a wedding this fall, I nearly freaked.

This is an extremely delicate situation. The young man may be deliberately trying to seduce you, or he may simply be so full of adolescent hormones that he isn't fully aware or in control of his own behavior. I agree that it would be a bad idea to encourage or embarrass him, although I'm not sure the latter is possible. If you can squeak through this year without having a confrontation, chances are good that next year his erotic attention will be focused elsewhere.

However, it sounds like simply ignoring him is not working. Set some courteous boundaries with this little stud. If he falls asleep on your bed, stand in the doorway, loudly call his name, and suggest that since he is so tired he should go home. If he tries to change in front of you, tell him, "Please use the guest room. Don't forget to shut the door." If he does not close the bathroom door, let him know this annoys you and close it for him.

If this doesn't cool his jets, stop being so available. There is no reason why this young man should have unlimited access to your home or swimming pool. Suggest that he call before he comes over, and when he does, don't give him an invitation. You don't have to make up phony excuses or lie. You can simply say, "I'm sorry, it's not convenient at the moment." If he wants to know when it will be convenient, say, "I don't know. You'll have to call me later." The same tactic should be used to forestall an overnight visit.

If the lad is miffed and says, "Why don't you like me anymore?" you can tell him that you will always care for him the way an uncle does for his nephew. If he seems very depressed, you can ask him gently if there is anything he would like to talk to you about. You can provide a sympathetic ear if he initiates a conversation about having gay sexual interests. But sex with minors is very illegal, and an encounter with you is not the way he should come out.

Recently I found out I may have an opportunity with the company I work for to move to Toronto with a large promotion. My problem is what to do about my partner of 4½ years. We are totally committed and very much in love, but could you fill me in on the immigration laws? Should I inform my company of my partner's existence and enlist their aid? My immediate supervisor and peers know I am gay, but the corporate hierarchy is uninformed. I worry about their reaction and stepping off my career path, but I want to do what is best for my relationship. My partner has always followed my career and would easily move to Canada if he could.

Since your relationship is not legally recognized, Canadian immigration law will not permit your lover to relocate with you. If you have a close relationship with your immediate supervisor, have an unofficial chat about the situation. Perhaps your lover could be given a job with the company and moved with you, although this seems unlikely. For information about how to obtain permission for a protracted stay in Canada, contact their embassy in your city. Your lover may be able to obtain a residential permit if he is attending school in Toronto, for example.

Many Americans have lived in Canada illegally for several years without being detected or harassed. If your salary can support both of you, perhaps this is an option. He can simply drive up and join you once you get settled. Unless you're very unlucky, nobody's going to track him down and make him leave. He won't be able to open a bank account, vote, or obtain a driver's license, of course.

It would probably be easier in the short term to turn down the promotion, but it doesn't sound like they are sending you to Canada forever. You and your lover will need to be ingenious to get around this obstacle, but the long-term benefits may make the hassle worthwhile.

I am a 28-year-old white male who comes from a very conservative family that believes I am a wholesome young man. I have always dated women but have never had sexual intercourse with any of them. I began dating my current girlfriend seven years ago. I felt reason-

BO TATE

ably sure that I wanted to marry her, but then she accepted a job in another city, and I saw her infrequently. She is currently working near where I live. I am still a student in college.

Last November, I told her that I thought I might be gay or bisexual and that was the reason I was unable to become intimate with her. She listened and determined that I am not 100% homosexual and that she knew me well enough to try to fight this out with me. I do become sexually aroused with her, but when it gets close to actual intercourse, I run into a roadblock. Both of us agreed that I should talk to a counselor at my school. The counselor gave me a list of referrals, but on my salary, I can't afford $50-$100 an hour for a psychiatrist. I contacted the gay and lesbian community center. A counselor there gave me some advice but then asked me out the day after I talked with him. I was not ready for that!

My life feels burdened and oppressive. This uncertainty and physical frustration seems to be impeding many other aspects of my life. My girlfriend is very supportive, but I cannot tell her about my strong desire for a homosexual experience. I resort to videos and magazines that she does not know about. She has suggested we watch straight X-rated videos together and take our physical contact a little bit further every time we are together. I enjoy massaging her (even her genitals), but I am nervous when she reciprocates.

If I stay with my girlfriend, I will have to fight off my homosexual fantasies and desires continuously, which I may not be able to do. If I end my relationship with her and pursue a gay life-style, my family, friends, and coworkers will, without a doubt, reject me. That, I cannot live with. I have already attempted suicide once.

You already know what you have to do. If you were really bisexual, you would be able to have intercourse with your girlfriend. You have to break up with her and start having sex with other men, not necessarily in that order. A woman who has been satisfied for seven years with a boyfriend who gives her nothing more than an occasional handjob probably has her own sexual-orientation problems. She may say she wants to marry you, but I'll bet she comes out herself soon after you terminate this charade.

It's hard to face the disapproval of friends, family, and coworkers. But if you have a choice between killing yourself and making a few prejudiced, ignorant people unhappy, find the guts to stick up for yourself. There's nothing wrong with what you want. It is natural and right for you to have sex with other men. Stop torturing yourself. The only way you'll ever be happy is to stop pandering to other people's expectations and follow your own heart and hard-on.

The B&D Movie $29.95

Bondage and big muscles. Handcuffs and hunks. An all star cast of dominant studs shows you in painful detail just how rough things can get if you don't satisfy their most bizarre erotic fantasies! Never before have so many famous tough guys been assembled on one super hot tape. If bondage and discipline are your thing, this tape is a must for your collection. With Jack Wrangler, George Payne, Scorpio, Tom Cord and others.

Golden Boys $29.95

For the first time this controversial feature has been released. Golden Boys is a decadent tale of two airplane pilots shot down behind enemy lines. Their interrogation by two sadistic officers include FF, W/S and S&M. Billy Budd plays 'CUR'. Chained in a dog collar and treated like an animal, Billy's meals consists of servicing the needs of the desperate prisoners. This film is uncut and uncensored and definitely not for the squeamish!

Sex Toys $29.95

Daniel longs for a hot man. He plays with his horsemeat while loosening up with a big fat dildo. **Sling Fxxk** Keith is on the sling wearing a leather harness while Scott shows him how to use a huge dildo and Mike wearing a leather mask pricks his nipples and licks his boots. **Sit on It** John loves toys, and dildos are his favorite. He sits on a big one while watching a group of leather studs in hot action. **Doubleheader** Five hot men engage in hot sex and then play with a huge double-headed dildo. **Two Men and a Dildo** Justin and Harley fondle each other's tight bodies and later both share a dildo. **Dildo Bound** A hose pipe, a huge dildo and a gigantic rubber tool are the toys used by these leather studs. **Stick it in !** Two cops tie down a prisoner. After savagely abusing him, they use their night stick in him.

Leather Rituals $29.95

Tom ties his 'slave' up in chains and hangs him from the ceiling. Then he performs all kinds of physical abuses on him. **Grease F.** A leather masked master, gets his boots licked. Later he uses engine oil for lubrication on his submissive partner. **Erotic Thrills.** Pat is on a sling being worked over by BJ and Pete, who later uses his well endowed tool on BJ with Pat's help. **Forced Entry.** Sebastian, wearing a tight leather outfit drags one of his slaves by his dog collar and delivers him to his master Dick who abuses him savagely. **Portraits of Pleasure.** Muscleman Jeff shows off his muscles and leather harness to Jesse who after some hesitation lets Jeff do him wildly. **Suck-Fest.** Keith ends up tied up in chains while three naked hunks feast on his assets.

"I CLEANED A MARINE'S POOL!"

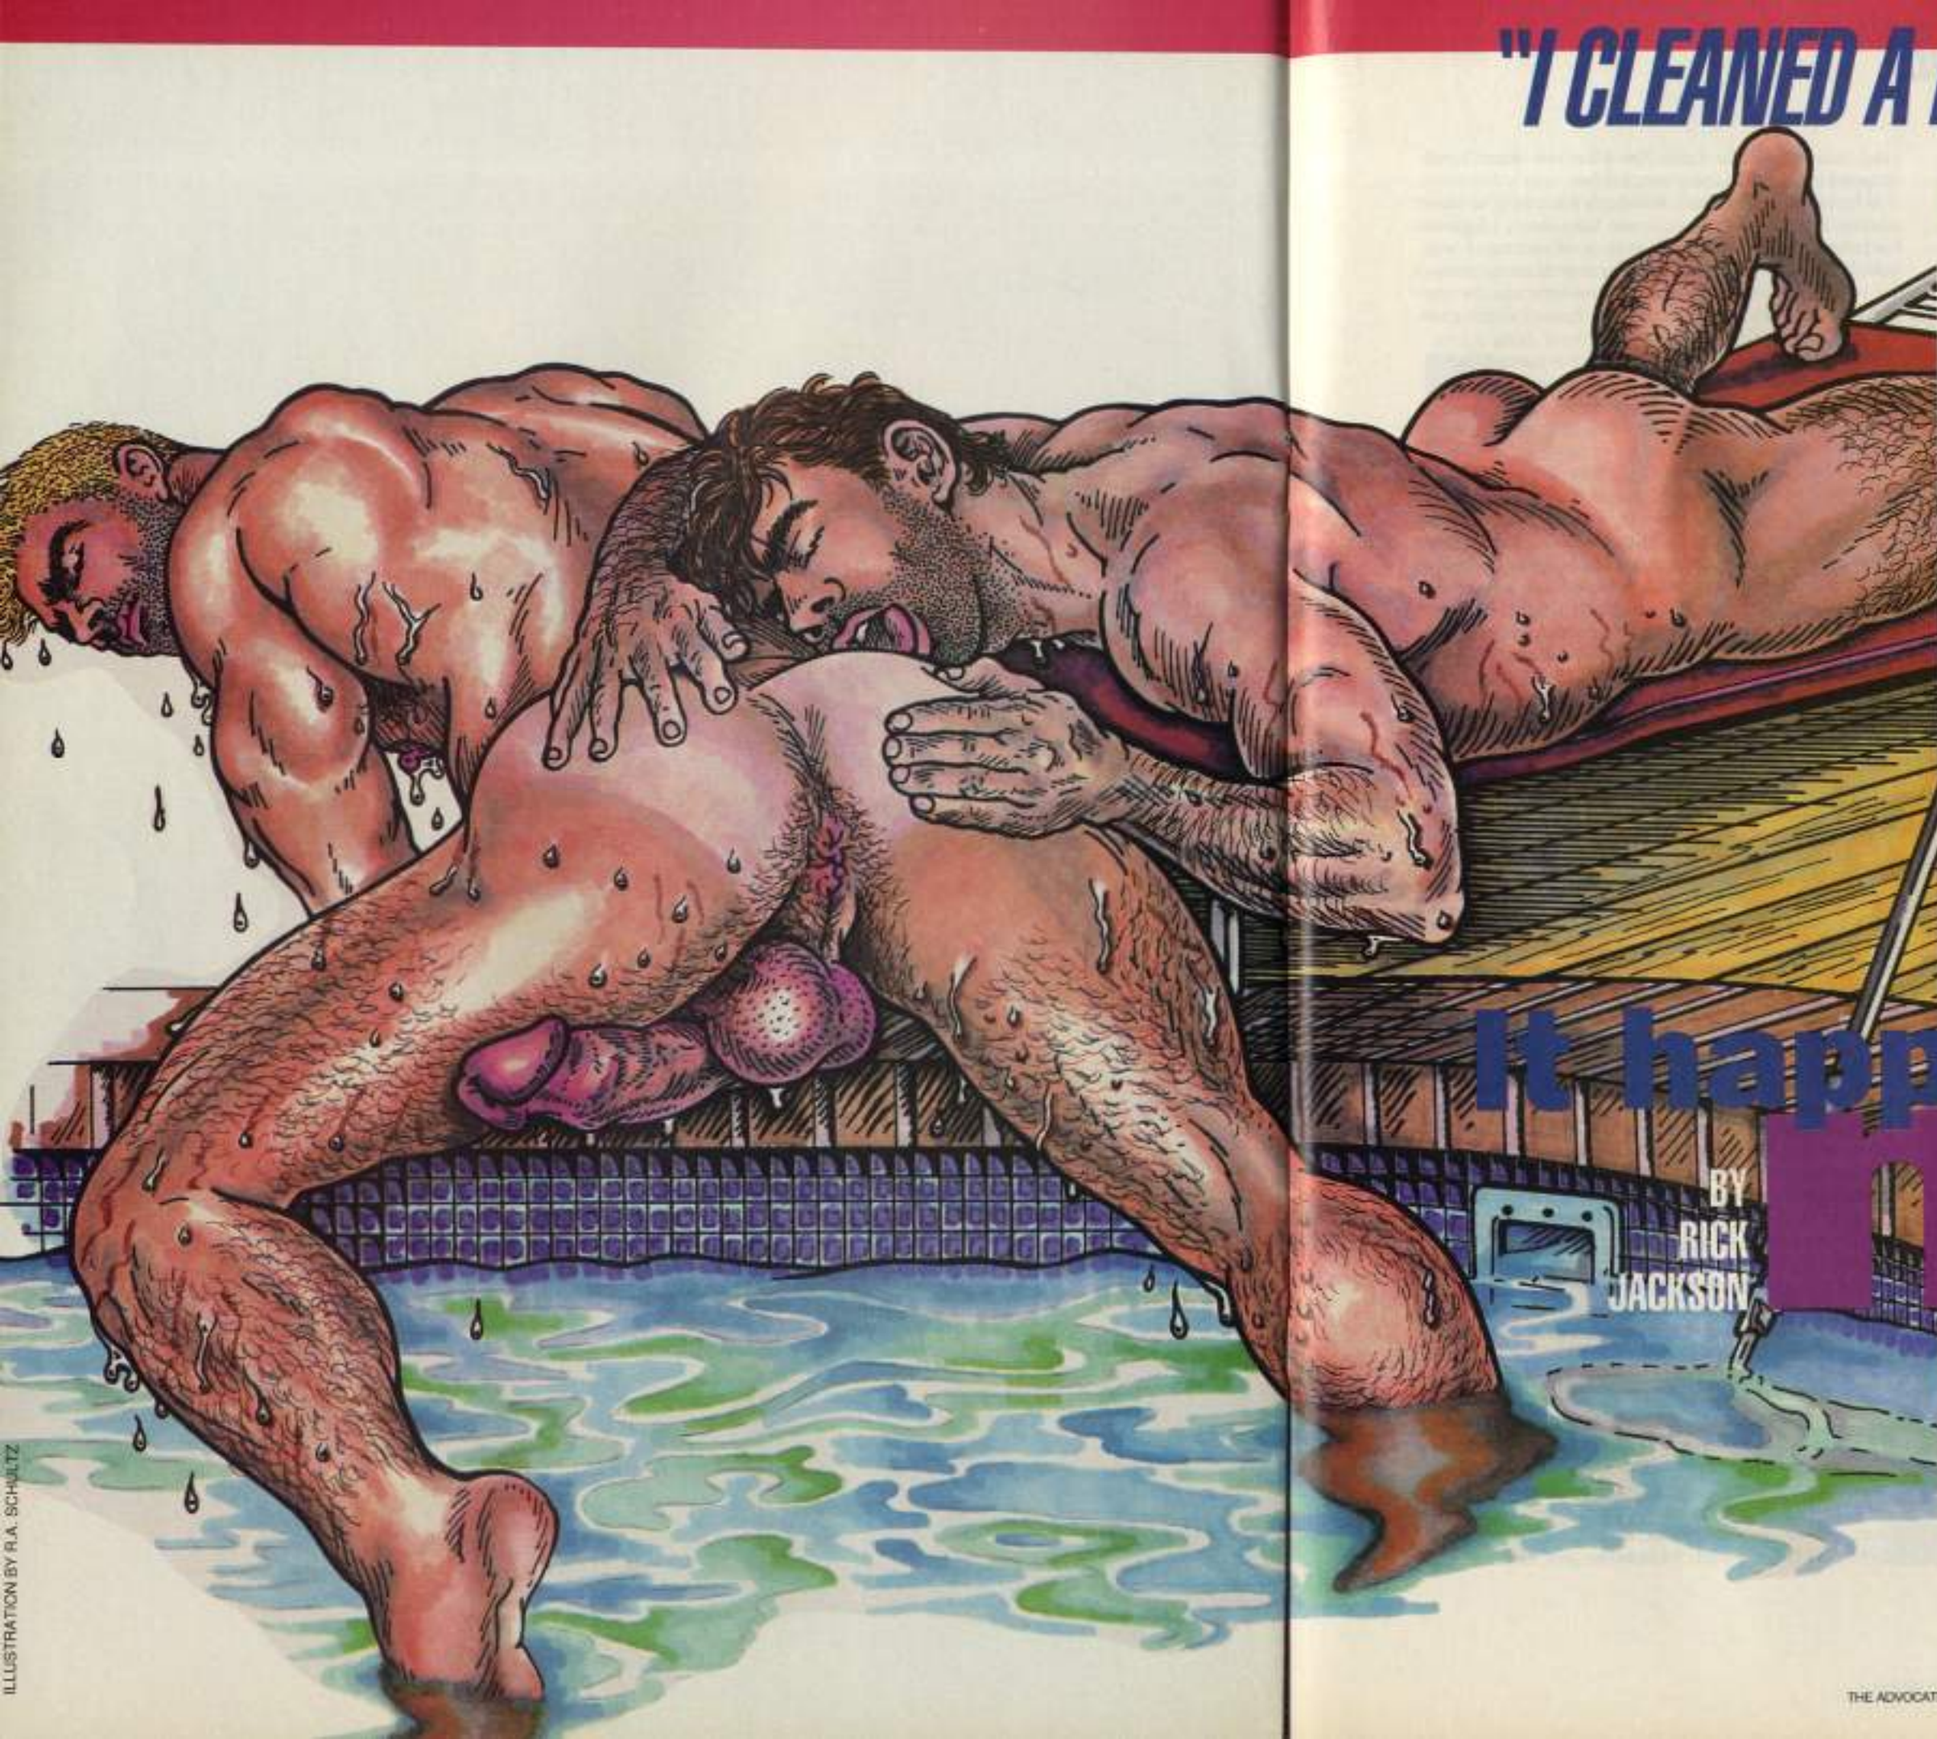

ILLUSTRATION BY R.A. SCHULTZ

It happened to me

BY RICK JACKSON

Fuck flicks have the wrong idea about pool boys. We don't even call ourselves "pool boys" anymore. The job isn't anywhere as laid-back as it looks in movies, and the pay stinks.

The main thing porno movies fuck up, though, is the idea that we stroke from one poolside hose session to another—all with tanned guys who have huge uncut dicks and look like a cross between Tarzan and Hercules. For starters, in Florida most pools are owned by chubby oldsters who are about as attractive as a wisdom-tooth extraction. Even when you finally find a dude you'd like to do, he almost always ends up claiming to be one of those straight guys you read about in *Reader's Digest*. I've had dozens of old ladies and grizzled geezers put the moves on me, but I was in the business for three years before I ran across Tad.

"I CLEANED A MARINE'S POOL!"

He was worth the wait. When I showed up, he was lying on a chaise with his arms draped down onto the cement and his ass in the air. Sweat glistened on his lean young body, and I knew I was in some serious love. I was so stunned to finally stumble across a fuck-flick-quality stud that I stood just inside the gate like a goof, holding my gear. After what was probably two or three minutes of brain lock, I finally managed to squawk "Pool service." He opened an eye, gave me a look, and said, "Service away."

If I could show you a picture of that butt, you'd understand how servicing was just what I had in mind. For the next 15 minutes or so, I tried to get on with my work—while keeping both eyes on his body. He told me later that he was on a 30-day leave from the Marines. I should have suspected. His body was like tanned marble, every bold muscle leading naturally to the next. A wrestler's neck broadened into strong shoulders. They stretched into a knotted back and firm flanks that tapered to a waist the size of a politician's heart. That perfect butt of his lifted upward into the air, twin mounds of flawless man muscle. Proclaiming the glory of man as they gleamed in the sunlight, they seemed to lack only one thing to make them perfect and complete: my stiff eight inches shoved up between them.

His face was as much a pecker pumper as his butt, if that's possible. Tad's blond hair was trimmed skin-close on the sides but grew out into a lavish sun-bleached blond topknot. His brows were darker, almost chestnut, and grew together across the top of his pug nose, offsetting a jaw that was so chiseled it belonged in a Saturday-morning cartoon. Later, I saw his cat-green eyes and gleaming smile, but I'd long since seen enough to know I would try to do him. I thought of one line after another until I chose the middle course between the insecurity I was feeling and the cockiness someone like him would expect: "Do you mind if I get comfortable?"

He opened one eye again and looked at my T-shirt and shorts, already distended by my thick dick on the rise. Giving his head a shake to keep sweat from dripping into his eye, he said, "Do what you want," and dropped back into his sun-struck daze.

If he only knew. He was obviously too young to own a house like this. But since he was bare-assed, I figured his parents were working or dead or something. I was naked in a flash and spent the next several minutes trying to do my job with my dick throbbing against my belly and my eyes raping his ass. The bastard didn't give me a second look. I might as well have been a tree. Finally, I had had enough. I was going to make a move, and if he didn't like it, he could clean his own goddamned pool. I eased over to his chaise for a close-up look, hoping he might come to. His butt wasn't the kind of thing you could just look at.

My hands brushed lightly along the crack in his ass—just above the skin so I could gather the beads of sweat that lived there. My fingers lifted to my mouth so I could lick them clean of the salty sweat off his ass. He tasted like pure man. On the next pass, I eased a fraction of an inch lower, caressing his skin like a fly skidding across the shadow of an impure thought. I slowly added more pressure until I was firmly sliding along the sweat-slicked groove of his butt. My palm caressed his ass; my fuck finger found his hole and felt it quiver in welcome. His pink pucker nibbled at my finger like a colt on a winter morning. I held his hard ass for a moment and knew that wasn't enough.

The angle was tricky, but I was just able to straddle the chaise and get my face up his butt. I suppose I must have looked like an idiot, but I was too far gone to care. Bracing my hands on the chaise, I prodded at his butt with my nose and slipped deeper until I had pried apart his muscles and was face-to-face with his eager fuck hole. My tongue slurped up the sweat out of the long trench leading up from his nuts to his shit hole. I felt it quiver again as my hungry mouth organ began darting and dancing around it, only now and again slithering near enough to make it jump. My tongue's trips down his butt hole grew more frequent, until I locked my lips around his man hole and began to suck lightly. My head kneaded his muscle the way my taste buds needed the flavor of his sweat and the savor of his man musk. The harder I sucked and slurped and drilled his butt, the more ravenous I was. His ass was like some fatal narcotic, easy to use but impossible to give up. Soon I was smearing his ass into my face, moaning like the original whore of creation and loving every slutty second of it. He finally started to react, arching upward to give me better leverage and let my tongue slither deeper up his shit hole. His hard muscles flexed tight against my face, trapping me where I wanted to be—forever up his ass.

After forever, his moans were louder than mine, and I heard his deep voice through the cascade of my slurps and smacks say, "You'd better be good. Go ahead and do it."

I knew what "it" was, and I was ready—but I wanted to do him on my terms: face-to-face with me looking into his eyes as I slammed everything I had up into his guts. Some passing god gave me the strength to pull my face out of his butt and stand up. I told him to turn over so I could see what, if anything, he had.

When he flipped over, I knew the guy had enough

raw sexuality to boil beryllium. Aside from those delicious green eyes and his goofy Marine smile, he had a thick dark-blond mat of hair that covered his pecs and led down across a flat, hard belly to his crotch. His dick was almost as long as mine—but even thicker! The fucker lay pulsing and pounding against his belly fur, waiting, as hard and inevitable as a tax collector.

Passion-pointed tits poked through the fur, begging for my fingers to twist and torment them into a good time. I slid my palms down to cup his pecs and felt how much he needed what I had to give. My fingers traced along his flanks and felt his body quiver like a stallion's. Every particle of my slutty being needed to suck his dick and tits and go back to lick his butt hole until it bled. Then I would do him up the ass. His perfect male body shone like some holy relic; by worshiping him, I would be worshiping life and manhood and even my own nature. Long before I knew he was a Marine, something unspoken told me he was no seeker of adoration. He wanted to be used and abused. He was lying naked before me, hoping I would hump him hard to satisfy my vilest animal pleasures.

I moved up until my balls dangled in his face, and I didn't have to tell him what to do. His mouth inhaled my come-clogged nuts and pulled at them so hard my lizard slammed down against his forehead. His tongue and lips and jaw all seemed to surround me, sucking my come pods ever deeper into his face so he could give me marine-quality licking. The sharp edge of his teeth closing around my nuts sent a delicious shiver of danger shooting up along my spine.

When his mouth opened enough to slide his tongue up the back of my nuts toward my asshole, I didn't wait for more of a clue. My balls popped out of his face and flopped down into his hair as I raised up to reposition my shit hole over his lips. I slid down to find his tongue already out and darting up to lick my butt. I reached back to pull my firm cheeks out of the way for him and skidded my asshole between his chin and nose like a dog on a carpet. His tongue followed along, digging up my ass, twisting and turning as he went. I put my hands back on his chest and just sat on his face while he did the work. In a universe where a lifetime was restricted to one sensation, I think I would choose the delicious soul-numbing torment of his mouth up my butt, finding every itch within me and scratching it away into oblivion. As I rocked back and forth on his face in the sunlight, I think I knew complete bliss for the first time in my life. As the afternoon aged and I felt sweat pouring off my chest and belly and down into Tad's face, I knew it was time to give the ass lick what he deserved. I was off him and had his feet spread wide before he could lick me from his chops. As I put my eight inches of need against his shit hole, I leaned over his face and lost myself in his eyes. Then with no lube but the day's sweat to slick my dick, I was inside him, where I belonged. His face contorted as I did him, first into a mask of pain, then of unhurried, careless contentment.

By the time I had ricocheted off his prostate to slide my crankshaft along the slick, cock-hungry tissues of his guts and slam my swollen dick head deep up into his Marine innards, his eyes had opened with a clear green sparkle that loved life. When I felt my balls slam hard against his ass, I took a moment to scrape my come slit along the blind end of his heaving, twitching shit chute and to grind my stiff red pubes into the smoldering ruins of his asshole.

His butt awoke from its long, yearning sleep. His sphincters gripped the base of my bone the way a drowning man clutches at a lifesaver. The grasping heaves of entry soon gave way to a knowing, sinuous series of waves as his craving, talented fuck tunnel slipped and slid along my joint, coaxing my cock to

It happened to me

swell even larger, begging me to bore even deeper into his most private, most delightful secrets. Tad's hands clutched at my back and shoulders; his heels dug into my butt, as though he were trying to cram me completely up his ass. His moans and the feel of his slick flesh around mine and the sun on our naked, rutting bodies made me wish the moment would never end, but I had hole to ream.

When I jerked back hard for the first time, pulling my hips toward the sun until my swollen trigger ridge caught on the inside of his straining shit hole, I sensed his guts follow my dick. My own ass crashed back down like a pile driver, slamming my raptorial ramrod through the gates of his soul and jarring our bodies together like elks at rut.

The webbing of his chaise stretched tight, sending Tad's butt toward the ground, only to snap up at me again, a frenzied slingshot-driven fucking machine. His butt bounced up, pushing my dick head with it, until he ran out of power. My lizard kept leaping, though, until its head was once again trapped by Tad's hungry Marine butt. Then my ass knifed deep again and started the whole fucking process over. Every brutal thrust and glorious grind of my dick up his butt ripped a soul-felt grunt of impact and moan of pleasure from Tad's parted vulpine lips.

I heard myself talking dirty as I did him, but my mind wasn't really on chitchat. In fact, my mind wasn't anywhere. I had shut down my top head and was using my lower one for more important things than thinking. Tad's hard butt had stripped away the civilized veneer; now I was a jungle savage, acting on instinct alone. I half remember holding tight on to the chaise frame as I used it like a trampoline, nailing Tad's ass down with Olympic-quality precision.

Some corner of my soul recorded the sound of our moans and the wet smack of wet flesh against flesh as I nailed his ass. Mostly, though, my world was filled with the dark fire in my dick as I drilled ever deeper down Tad's shit hole and time slid slowly to a stop.

An eternity later, the blackness shattered into white-hot shards of blinding light that cut the mists from my mind and made my heads explode. I came to consciousness to feel the searing plasma gushing up from my nuts to cool a frenzied fire of fuck friction up Tad's ass. Every thrust of my thick tool up his butt brought more creamy relief, until his ass was overflowing with the milk of manly kindness and my balls and thighs were frothy

with the blend of my own jism and our mingled sweat.

Long after I was pumped dry, I kept slamming home where I belonged, unwilling to let the moment end. His eyes were open now, as full of satisfaction as his ass was full of spunk. Tad's hands lay strong and tight in the small of my back, pulling me hard against him while he grinned that foxy Marine grin of his as I used his body for our pleasure. At last, I pulled my hard hose out of his ass, knowing that I'd be back soon. While he licked my crotch clean, I lapped at his balls and soon sank my face back up his butt.

When all I could suck out of his shit hole was my own spit, I swallowed his dick and sucked like a slut until I felt his hardy body convulse. I pried my face up off his flailing crankshaft and caught a mouthful of the sweetest, thickest jism a young man could dream of. His hips kept slamming upward into my face as he screamed and swore and tore at my hair with his fingers. When I felt his flow slacken, I shoved three fingers up his butt and spread them wide, and he erupted again. I chugged like a sailor trapped in a brewery, but even I couldn't keep up with him. I let his dick slam back down against his furry belly and tried to lick him clean as his fire-hose-run-amok made my job impossible. I got dark blond belly fur stuck between my teeth and probably gained a pound from all the high-calorie man cream I lapped up, but I wasn't much worried. I knew that before the afternoon was over, I'd work it off.

By the time Tad's leave was over, I felt as though I'd been through boot camp myself. That's why I'm not worried about the future. I've given up the pool trade and leave for basic training next week. After learning from Tad how the Marine Corps builds men, I'd be a fool to spend my life just hosing pools. ●

SECRETS *of the* PORN STARS

BY D. QUINN CALLICOTT

Erotica blah blah— What do **Joey Stefano, Big Daddy Kane,** and a bevy of pierced, tattooed bull daggers have in common? Why, they all appear in this year's most overpriced whack-off book, ***Sex.*** In a fit of self-indulgent frenzy, **Madonna** dragged her willing accomplice, photographer **Steven Meisel,** to the **Gaiety Theater** in New York, along with renowned professional art fag **Udo Kier,** to snap a few pictures of Mr. Stefano writhing around the floor with the club's house "hos" while Madonna sat on the floor in a formal gown, attempting to look affected. Art? Nah, but who gives a fuck? Joey looks better than ever with a lock of floppy hair in front of his eyes, and his world-famous booty hole is exposed for all to see and justly worship. I must say, Joey just might be the only boy ever seen who solicits a knee-jerk response to throw a **Jeff Stryker** dildo up his ass everytime he bends over. More power to La Stefano's boy-pussy mystique, and Madonna, dearest, get a life.

The Jeff Stryker dildo

You are a dancing queen—Lotsa, lotsa boys have been leaving the comfortable confines of their hometowns to go out and shake their penises on the road. There are quite a few establishments in this great nation of ours that allow you, the viewer, to sit in amazement as the smut star of your dreams gyrates, towering over your head to house music, and perhaps accidentally drips some precome on your face, all for the low, low price of a dollar bill stuffed into his boot. A short-lived thrill, but a legit one for sure. Simultaneously, **Tony Belmonte, Dylan Fox,** and **Jay Corey** all left Hollywood to put their asses out on the line for a quick buck, an ego boost, and a chance to check out their fans. Tony took the opportunity to also visit his family on the East Coast and give his mother screening copies of his latest fuck

film... Not! Dylan promised to impress the otherwise jaded 42nd Street theatergoers with his specially planned routine to **My Life With the Thrill Kill Kult**'s "A Girl Doesn't Get Killed by a Make-believe Lover...'Cuz It's Hot." And Mr. Corey had a blast gallivanting around San Fran during his Nob Hill gig with the likes of **Jason Andrews** and **Chance Caldwell.** I'm sure he left his mark on the City by the Bay, for in a week's time he visited every nightclub of note and all the most popular bars in addition to performing his four shows a day. A nomination for Go Girl of the Year is in order for this one! Not even **Leo Masters** had this much fun and excitement on his recent trip up North, wowing them almost to the point of swooning at the Campus Theater. And now we hear that **Mark Steel,** the most beautiful boy in the world, is about to sign a contract for a six-week, six-city whirlwind tour of the U.S.A., getting butt-naked all over the place. And even **Jeanna Fine,** bisex porn icon and plastic-surgery poster child, has left Tinseltown and moved to Arizona, where she relies solely on revenue derived from her hoochie-coochie dancing. Well, these boys might not be **Tempest Storm** or **Gypsy Rose Lee,** but burlesque is dead. On with the New Porn Order!

From the "Why won't they let me do this on film?" department—Nasty bastard **Matt Gunther** was seen on Los Angeles's fashionable Melrose Avenue browsing through Drake's bookstore with his roomie, **Sharon Kane,** when all of a sudden, a big wet raspberry resonated throughout the room, coming from Matt's backside. As the hateful fumes began to waft throughout the aisles, Matt excused himself, asked one of the clerks for a Kleenex, and went out the door onto the street. According to Ms. Kane, La Gunther actually wiped his butt on Melrose with no shame whatsoever and then proceeded to take a leak on a nearby palm tree. Must be the aftershock of watching too many **Christopher Rage** flicks...or of growing up in nasty Orange County, Calif. ●

Guido Anthony's Star fucking

General forecast for Nov. 17-Dec. 1

Mars, the planet of sexual and emotional energies, hot cocks, and hot buns, turns retrograde on Nov. 28, causing fights, delays, and emotional fatigue. Retrograde means backward motion. However, no planet actually moves backward. This phenomenon is caused by the motion of a planet perceived from the Earth as that planet is moving, along with the Earth, about the sun. If you're getting fucked by that hot jock you just met, don't throw your legs up too fast or you could end up with a muscle spasm. Mars rules infections, so keep your dick covered and your ass protected. Check your toys for batteries. It's a bitch when you're ready for action and nothing works. If you know your rising sign, read it as well.

ARIES (March 21—April 19)

Although a new love is captured as the sun enters the fiery sign of Sagittarius, your feistiness is almost unbearable. When the Aries ram rendezvouses with the Sagittarian half-man and half-horse, your cock will explode from the combustion alone. Jump on his hot ass pronto, 'cause when he jams his whopper up your butt, you'll be begging for mercy all fuckin' night.

TAURUS (April 20—May 20)

Venus in Capricorn, meeting up with Uranus and Neptune during this forecast, could produce a few surprise attacks if you don't start showing more interest in your relationships. Mars's favoring Pluto insists that you may have to "bend over" backward to keep your lover smiling. You had better get your dick hard and ready or your nights could end up cold and lonely.

GEMINI (May 21—June 21)

Mercury, your ruler, joining Pluto in Scorpio, the sex sign, has your mind entranced with sexual fantasies. With the new moon in Sagittarius, you'll need a hard cock in your mouth and one in your ass just to keep you satisfied. Venus' moving through Capricorn does not want any emotions shown—just fuck 'em and go on.

CANCER (June 22—July 22)

Mars's moving through Cancer, your sun sign, will make sure you get plenty of action. Mars favored by Mercury and Pluto during the Sagittarian new moon will see to it that a few special friends join your jack-off sessions. Your devious mind was planning this sex orgy for a long time, and finally you'll be in ecstasy.

LEO (July 23—Aug. 22)

The Sagittarian new moon has one of your friendly sidekicks showing up more frequently to get his butt fucked. You really put your heart into it, and he enjoys your tongue caressing him between his legs. Mercury, now retrograde in the sex sign, Scorpio, could force you to switch your sexual position from top to bottom, but the Lion always gets his meat one way or another.

VIRGO (Aug. 23—Sept. 22)

The Sagittarian new moon brings out the worst in you. You'll go to any extent to get that cock right where you want it. Big meat is associated with the Sagittarius sign, and Virgos love to shove only the best in their mouths. Venus, Uranus, and Neptune in Capricorn can bring you a special trick that's full of surprises, so all that's left to do is open wide and take this hunky stud all the way.

LIBRA (Sept. 23—Oct. 23)

Your whoring around may come to a sudden halt while you're under family obligations during this holiday period. The new moon in Sagittarius on the 24th could present a side trip for a few quick fuck sessions. You may not be into quickies, but don't pass up a chance for a hot cock.

SCORPIO (Oct. 24—Nov. 21)

Mars, which rules you and Aries, favors Mercury this cycle, which puts your attitude in a devious and devilish state. You're being very cool by not telling your new fuck buddy what you really expect, but when the sex begins, you might freak him out. Show him compassion, then your imagination can take over. Once he feels your stinger, he'll humbly obey your instructions.

SAGITTARIUS (Nov. 22—Dec. 21)

While firmly fondling your dick, you're in complete control of your actions, especially under the Sagittarian new moon of Nov. 24. Mars, ruling your sexual energies, favors your lustful desire to get your cock off. Your fantasies can be satisfied if you allow your stud buddies to join in your fun.

CAPRICORN (Dec. 22—Jan. 19)

Venus, Uranus, and Neptune—the planets of love, excitement, and illusion—in the cold sign of Capricorn insist you try to temporarily free yourself from sexual inhibitions and let that masterful secret pal plumb your furtive secret passions. Mercury and Pluto in the voluptuous sign of Scorpio will have your hot ass and warm mouth squirming for his potent eruption.

AQUARIUS (Jan. 20—Feb. 18)

You are eager to show off your unusual sexual performance and preferences as the Nov. 24 Sagittarian new moon gets your cock rigid and ready to explode. Uranus, your ruler, in Capricorn dares you to set aside your emotions and get your ass ready to be disciplined and vigorously fucked. Mars and Pluto, the lords of sex, demand complete fulfillment and will vow to keep your secrets hidden.

PISCES (Feb. 19—March 20)

You will be in the public eye as the Sagittarian new moon exposes some of your actions. Don't expect to keep anything hidden during this period, especially that hot jock who comes around and fucks your butt when he gets horny and needs some good ass. You may have to temporarily stop seeing this dude unless you're willing to share him with your buddies.
