LEE RIDER RANTS

INTERVIEW BY JACK DOBSTONE
ART BY CHUCK LOVE

Lee Rider, known in the porn industry as one of the hottest young stars with the thick, long cock porn viewers have been salivating over since he fucked his first hole on film, grants Hot this exclusive interview, Lee tells what it's like on and off camera—how he takes on the big cocks up his ass—his on and off relationship with Rod Phillips—and all about his latest film where Lee's decided to spread his buns for his first, filmed ass-fucking.

INTERVIEW

Those in the know in the video business are more than familiar with Lee Rider whose speciality in the past has been fucking some of the hottest holes in the industry on—and off—camera. The kid with the big, fat cock that pleases video retailers as much as it does the kids in the flicks and the audience jerking-off at home.

In this exclusive **HOT** interview, Lee tells about his life, his love; fantasies and future expectations.

HOT: How did you get into all of this?

LEE: Same story I've told a billion times.

HOT: Where do you come from?

LEE: Laguna.

HOT: Originally?

LEE: Not born, but I went to school there.

HOT: So someone found you, or you found them?

LEE: They found me. I guess they heard about a crazy person and decided to approach me and I said sure. Then it just turned out that they liked the work that I did, so it went into more and more movies and more popularity.

HOT: Tell us about your beginning works in the porn industry.

LEE: *All American Boys,* but it didn't come out first though. *HUGE* came out first.

First magazine I ever did was *Drummer.* Well, the first pictures that were *sold* to a magazine were sold to *Drummer.*

HOT: What did they pay you?

LEE: Oh, it wasn't a lot.

HOT: It's never enough.

LEE: It is now. I'm very—sufficient. I won't do a movie unless I own part of it. That makes it a little more profitable for me. And probably more profitable for them, you know, because otherwise I wouldn't be doing it.

My next movie, the box is made and all the plot's done and everything like that, so it'll be shot next month, first of March. Gonna be called *Junior* and the director'll be C. Scott.

HOT: What do you think about when you're having sex with somebody that you don't even know?

LEE: It depends, of course, I'm not going to, at this point, have sex on camera with anybody that I don't find attractive.

HOT: Was it always that way? Have you always been turned-on by your co-stars?

LEE: Well, I know that they have tried to pair me up with somebody that maybe to other people was attractive, but to me they weren't. So, that doesn't work out very well.

Fantasies are running rampant through my head.

HOT: What kind of fantasies?

LEE: Ones that I probably would rather not discuss or have them put in any magazine.

HOT: How come?

LEE: Because they're personal.

HOT: If you share your fantasies, your fans will be able to get closer to you. If they understand your fantasies, they almost become part of them. Now that you're a partner of sorts with your video releases, I should think you'd choose to maximize the support of your fans.

LEE: Well, I'm giving them my body, I mean, how much [more] do they really feel that they can get from me?

HOT: They only have your image.

LEE: Well, I can give image fantasies that [are] provided for them, you know, to [keep things hot].

I was talking to Chuck Holmes of *Falcon Studios* last night at dinner. He said that I was going to get fucked in his new film.

HOT: Which is unusual . . .

LEE: . . . never happens.

HOT: I've never seen you get fucked.

LEE: I've haven't been fucked.

HOT: On video, of course you mean. But then why should you get fucked when you've got a dick like that?

LEE: There might be somebody who's already got too many Lee Rider fuck movies, maybe they might buy this one because he's getting fucked.

HOT: Do you like to get fucked?

LEE: Yeah, sure.

HOT: What do you prefer. Fucking or getting fucked? Or is there something else that you prefer to those choices?

LEE: Fucking. But I still see my same lover that I've had for three years.

HOT: Rod Phillips? He's got a nice body. Nice dick.

LEE: Mmm-humm.

HOT: Does he like to get fucked—off camera? He must. I can't think of anybody who wouldn't with you as their lover.

LEE: On camera you're portraying an image that you're supposed to be putting out for the public, but off camera, I mean, we're all human.

HOT: You've done a lot of videos with Rod, haven't you?

LEE: We don't do anything anymore, together.

HOT: Is that because it's a little difficult because of some jealousy trip or something?

LEE: Yeah.

HOT: Who gets jealous more?

LEE: I guess we still have deep feelings for one another, but it's not quite the same. It's been more than three years, and it's more or less like we know we need that—to be together—for short periods of time, like once or twice a week, where we have dinner, maybe a movie, and sleep

The NEW Oro-Simulator for men is perhaps the finest and most satisfying masturbation device since the hand! • The stroking of the Oro-Simulator is indiscriminate and eccentric because the user is in complete and precise control of every movement at all times. • The Oro-Simulator actually molds itself to the shape of your penis much like a human mouth. • The Oro-Simulator is completely portable allowing the user to move around freely and change position without interrupting the incessant stroking. • The Oro-Simulator is made up of four basic parts none of which are mechanical. *PLUS* the unit can be totally disassembled and thoroughly cleaned to eliminate any possible health hazard.

together, stay the night, and then the rest of the week we're both, you know, we both work very hard.

HOT: You have different places, different apartments?

LEE: Yep. We don't live together. Live in the same town, both live in Santa Barbara. He's a goldsmith, of course, and I'm a floral designer.

HOT: Got a little piece of that action, too?

LEE: No, not yet. I've only been doing it for almost two years, so I'm not quite ready to have my own business. I've been offered, but I don't want to jump into that [right now].

HOT: Do they know about your alternate career at the floral shop?

LEE: They have my 8 X 10 autographed pictures. My table is overlooking the whole sales area . . . everybody sees me. I like it—there's billions of beautiful boys that come into our shop all the time.

HOT: Probably just to see you, huh?

LEE: I don't know about that. They're pretty straight, but they're nice to look at. It gives me inspiration to make a beautiful arrangement.

HOT: So back to sex. Doesn't it bother you to have a lover and to be out doing explicit all-male fuck videos?

LEE: This is the first video I've done in two years. And I was pretty much planning on ending it with this one, with a big bang, getting fucked and fucking.

HOT: Who is going to fuck you? Whose dick will have the pleasure of sliding into you for the first time on film?

LEE: I don't know if I should say.

HOT: Is he white?

LEE: Yeah, he's white.

HOT: Anything kinky?

LEE: No. It's gonna be very down to earth. And the co-star everybody will appreciate. He's never been in a gay movie ever in his life. But he's very well-known, so that should hit the crowds pretty well.

HOT: How do you feel about having people spot you in public? Stopping you on the streets and quizzing you on your participation in fuck flicks?

LEE: I go [out] and people may come over and ask if I'm Lee Rider. It depends on what mood I'm in if I *am* Lee Rider.

HOT: So you decide who you are depending on you mood?

LEE: Yeah, right.

HOT: Why do you go out to bars? Are you looking for something—something new? Perhaps some hot sex in between your periodic stop-in's at Rod's?

LEE: I'm interested in meeting different people. The same people tend to get [boring]. I'm pretty happy with my relationships that I have and my friends. I don't go out to the bars too often.

HOT: Tell us more about your personal sex life. What do you like to do sexually when you're not on camera?

LEE: The only one I ever really have any sort of hard-core sex with is with Rod. So that's limited to just him, not very often, not as often as I would like, but we've realized that it's not the best idea for us to hang around all the time, got too many things to do. But I like to get fucked, I like to suck dick. Like to fuck. Like to do all of it, maybe except for the raunchy stuff. Just regular sex. Nothing crazy.

HOT: So when you get fucked, how do you like to get it.

LEE: Oh, lying down on my stomach, or on my hands and knees, probably my favorite.

HOT: Biting the pillow?

LEE: Well, as we all know, Rod's pretty big, so I mean, you might have to moan, maybe not bite the pillow, but you know, there is some sort of reaction there.

HOT: So you like guys with big, thick pricks?

LEE: Yeah, of course. Fun to play with. I've been getting into, when I have been meeting other people and being with other people, jacking-off. And for some reason I thought it was boring for so long, and I don't know, it's actually real nice and fun. Put a little oil on the body and play with the dick and maybe cum. Lots of fun.

HOT: Is that so?

LEE: Two or three people, four people. It's fun. The other day I was with four people, and we just—everybody had great bodies, we just came from the gym—and we just put oil on everybody, and everybody just had at it. Just playing with each other, you know, and it was fun. It was great. Everybody came just about at once, and bang it was over and we all went home.

And nobody jeopardized themselves one way or the other for any diseases or anything. Very nice.

HOT: What do you think about when you're beating-off, when you're all by yourself?

LEE: Oh, probably some hot, little smooth round butt, [a] boy with a tight ass, beautiful body, blond curly hair, blue eyes, big dick, nice legs.

HOT: Sounds about right.

LEE: Big chest, big arms. What more? Or on the other hand I guess I would be thinking about somebody six foot, big arms, big chest, big dick, fucking me.

HOT: How tall are you?

LEE: I'm five-ten. It's nice to be cuddled by somebody who's bigger than you, rather than always being the one that is expected to do the aggressive, dominant [trip].

I like to get fucked. I like to suck dick. Like to fuck. Like to do all of it. Maybe except for the raunchy stuff. Just regular sex. Nothing Crazy.

I like getting fucked on my stomach, or on my hands and knees. Probably my favorite position. And Rod's pretty big, so I have to moan, maybe not bite the pillow, but there is some sort of reaction there.

HOT: So now and then you think it's nice to lie back and let some man work you over. Why not?

So what are your concerns, you mentioned diseases and AIDS, I'm sure now that with a lot of that shit flying around that it's got to come to mind when you're shooting that video and some guy's cock is ramming up your butt? What do you think of that?

LEE: Well, this is the first time that anybody would have ever stuck their dick [in me] and the person that's gonna do it . . .

HOT: You still haven't told us what he looks like. Is there some reason for that? Perhaps you really don't know?

LEE: Well, I haven't totally made up my mind on it yet.

HOT: What are you going through—portfolios?

LEE: As for right now, the person has a big dick and I know it works and it stays hard. That way it would be very easy for me to do it and get it over with.

HOT: Do you have some problem with rubbers?

LEE: Rubbers are great. I've used rubbers.

HOT: While you're getting fucked or while you're fucking some other guy's asshole?

LEE: Both. They're fun to put on. It gives you a little extra foreplay or whatever to try and get it on without the damn thing breaking. The trick is to find one big enough to get your

dick to fit in there in the first place, those are not as easy to find as you might think.

HOT: How do you relate when the camera and the lights and everything goes on and you're there having sex with someone you probably don't even know?

LEE: It doesn't bother me at all, I'm an exhibitionist.

HOT: Do you prefer it that way?

LEE: Not really, I like the intimacy of bed with no one around and dim lights, and it makes it a little more romantic, but I mean on the other hand, we're not really talking romance when you're doing a movie, you're doing it to the camera.

HOT: What is it you don't like about doing fuck flicks?

LEE: I don't like a lot of people around. When I go on [a set, nobody's] allowed to be there unless they really have to be there. Like the director, the cameraman, the photographer—and that's it. The stage is totally cleared whenever I do a scene. I'm lucky. I get away with that.

HOT: What porn stars do you emulate? Is there anyone out there that you look up to? Or do you consider yourself to be the best?

LEE: Oh, I'm pretty much at the top. I mean, you can't really ask for too much more.

HOT: Somehow we were sidetracked. We were talking about your fantasies.

LEE: No, we were talking about yours.

HOT: Mine? Mine is to get yours. What do you think about your body?

LEE: I've always been too thin, as far as I was concerned. I've gained a lot of weight in the past couple months, so I'm a lot happier about that. Hopefully by the time I do this movie, which probably will be postponed again until the later part of March, [I'll be in perfect shape].

Before I make this movie I want to put on another ten pounds.

HOT: Where do you work out? Where's your gym?

LEE: I work out at the Athletic Club in Santa Barbara.

HOT: Do you get down to Los Angeles much?

LEE: I come down about once a week. I have two accounts here, I do flowers for people's homes. So that gets me down here.

HOT: What goes through your mind when you're getting fucked?

LEE: Nothing in particular. As of this point, [with regard to the video], Rod might be the one to fuck me.

HOT: That'd be good, keep it in the family.

LEE: Well, that's the main thing I'm thinking.

HOT: Then you've got somebody with a big dick that can keep it hard that you don't give a shit whether or not he cums up your butt.

One of my favorite videos with you in it is *Spokes*. Dick Fisk was in that too. He's dead now, huh? I hear he died in a car accident in Florida.

LEE: San Francisco. Some people say he died in Florida, but he died in San Francisco. He was partying on Halloween when it happened.

HOT: Seems his broom didn't fly.

LEE: He was always really nice to me. He was a nice guy.

HOT: So tell us about drugs and how they've affected your life. Do you do drugs?

LEE: Not anymore.

HOT: You used to?

LEE: I used to.

HOT: Coke?

LEE: I used to.

HOT: It's still very popular.

LEE: You're right. Very popular. But a lot of people that I knew when I was doing a lot of coke don't do it anymore either.

HOT: Get burned out on it?

LEE: It's too expensive. It's just like drinking. I don't really drink anymore because what's the point? You just want another drink, and then you have five or six of them and the next day you have a headache.

Big dicks are fun to play with. I've been getting into jerking-off with other guys. For some reason I used to think it was boring; but, actually it's real nice and fun. Put a little oil on the body and play with the dick and maybe cum. Lots of fun. Especially with two, three or four other guys.

HOT: When you get stoned you sometimes do things you later regret.

LEE: That's why I don't do those things anymore. Drinking is the worst for me that way. I do smoke a little pot.

HOT: What are your thoughts about people in the porn industry?

LEE: They're out to make a buck, ya know, that's where any business comes in.

HOT: What's your favorite bar?

LEE: It would be between the Revolver and the Gauntlet.

HOT: Perhaps there's something in those fantasies you're not telling us? What is it about the Gauntlet that you like?

LEE: I like the leather scene.

HOT: You like leather but you're not into anything kinky, huh?

LEE: I have been.

HOT: Down and nasty?

LEE: Down and nasty.

HOT: I bet you have. What do you do when you get into all of that? The full leather, boots and all?

LEE: These days I go out and put it around and go home. Stay in it awhile after I get home.

HOT: Maybe play around a little more?

LEE: No Rod and I used to do that.

HOT: Back in the days when you did coke?

LEE: In the state of sexual aban don? Now what?

HOT: Now what?

LEE: I think it's very hot looking ya know to put leather on and it really is a masculine type of person. I like presenting myself that way, being masculine, I feel that being in leather like that is very masculine. It puts across that mean look. It all depends on my mood ya know, if I want to be kick back and mellow or I want to be mean.

HOT: What do you do when you get mean?

LEE: Spank some ass I guess.

HOT: And?

LEE: Whatever comes from that, I guess that depends on the person.

HOT: Perhaps. So now you say that you're planning on getting out of the video business as a star. This must mean you have some plans for the future. Perhaps you'd like to share some of those plans with us?

LEE: I'm going to continue with my work. I'm a pretty successful floral designer as of right now. The money I get from the film, will be saved and eventually with a partner I'll open my own shop—to have a chain or have a big company that does flowers for, you know, just various different parties or weddings or just different occasions in people's lives that I can make brighter with flowers.■

EDUCATION

The books and magazines on the newsstands give a pretty clear picture of how we're getting through the A.I.D.S. crisis. First and foremost has been to educate ourselves (the more you know, the better off you are) and then get on with our lives.

HEALTH

One of the biggest industries to emerge from the crisis has been the health and nutrition industry. As we've all become more aware of our mortality, we've become more conscious of our overall health. Never before have there been more ads for doctors, health clubs and pills.

BRIAN'S COCK

FICTION BY JOHN MORGAN
ART BY CHUCK LOVE

I was determined to get a taste of that bulge in Brian's work worn Levi's. The day he offered it to me, I didn't give him a chance to change his mind. Like a bitch in heat, I was on my knees and he was ramming it down my throat, long and hard.

FICTION

Brian is a 26 year old construction worker and a hot looking fucker! He is a strapping, lustered figure of five-foot-eight and weighs a good solid 175 lbs. He has a lean, sculptured face, thick chestnut hair, a matching mustache and a glint of dark stubble along his jawline. He is a perfectly muscled specimen.

"Hey Brian," I called out.

"Yeah. . ." he said in a boisterous voice as he strutted toward me.

"Wanna smoke a joint?" I asked, holding it in front of him.

"Sure man, I'm not gonna pass that up!"

Brian sat on the lounge chair and I took a chair directly across from him.

"Here Brian, you light it up!"

"Sure man. . ." He struck a match and took a lung-busting toke. Letting the smoke drift slowly out of his nostrils, he passed it over to me. Then he leaned languishly on the lounge chiar, showing a very good view of his crotch. With his hands cupped behind his head, his luscious, deep brown eyes stared over at me with a grin.

"This is good stuff!" he said.

I nodded and my mouth watered as my eyes lingered and burned into the fabric that barely concealed the large mound of flesh resting in his crotch. I handed him the joint and continued staring at his crotch, as my dick got harder and harder!

His hand drifted down to his crotch, holding the huge piece of flesh through the worn-out denim.

"You like this big piece of meat, don't ya?" he asked in a teasing taunt of pleasure. Then he was on his feet, "don't ya?" His heavy lidded eyes were intense as he gave a long hypnotic stare as he continued talking in his deep, rough voice. "I know what you like to do. I've seen it in your eyes the whole fuckin' time I've been here. And your hard dick tells me. So I'm gonna give you a nice, juicy taste of what I've got hangin', got it?"

I was in a daze, and my dick was rock-hard! Then I felt his rough, calloused hands exerting pressure on my shoulders, pushing me down to my knees—to his waiting dick.

He unzipped his pants and reached in to drag out his huge throbbing cock. "If you like looking at it so much, why don't you start suckin' on it?!" he demanded.

That's all I had to hear. My whole body began to tingle as wild, sexual feelings went through me. I opened my mouth so that my lips stretched, straining my jaws, and shoved my face on his cockhead. I relaxed the

He hammered and shoved and rammed, driving harder and deeper and faster into my eager, sucking mouth. He forcefully slammed his piece of manflesh all the way down my throat, battering my throat like a mechanical piston.

muscles of my throat as I worked more and more of the rigid rod into my gullet. I finally engulfed the entire massive piece of flesh. His low-hanging nuts slapped against my chin; his pubic hair caught between my teeth.

"Jeeezzzusss!" Brian cried out.

My tongue danced around that concrete pole of flesh. I sucked hard, up and down, back and forth until finally I had to come up for air.

"Don't stop. Keep eating that big, juicy piece of dick. You love it that way, don't you, you cocksucker?" He positioned my head upward and forward. "I know you want me to drive my fucking cock right down to the bottom of your throat! Yeah! I know you want me to fuck your throat good and hard until my fuckin' balls feel like their gonna bust against your chin! Tell me you love it!"

He gave long, fast thrusts; his steel-hard rod piercing into the depths of my throat. His hard pumps rammed through the tight sides of the muscle walls of my throat like a fucking jackhammer, pounding endlessly into rock, working its way farther into the ground!

"That's what I love...all the way down your fuckin' throat man!"

He hammered and shoved and rammed, driving harder and deeper and faster into my eager sucking mouth. He forcefully slammed his piece of iron all the way down and mercilessly battered my throat like a mechanical piston.

"You want my fuckin' load? I'm gonna fill your fuckin' gut with tons of cum, until you choke!"

He was ready to burst! I could feel it, his cock suddenly grew harder and bigger. It felt five times its normal size in my ravaged throat and I knew he was ready to erupt any moment! His fingers raked through my hair like teeth of a heavy metal rake. Fiercely and mechanically he lunged forward, ramming all ten inches of his dick down my throat. My throat muscles automatically expanded as the long round thick tube of flesh wedged deeply into the channel of my throat. He held it there, making my breathing difficult.

Suddenly his cum blasted through his cock like a fired gun, straight down my bottomless throat. I finally reached my own climax and I shot wad after wad of steaming cum, but his pulsating cock gagged me and his exploding load of cum backed up, leaking out and running from the corners of my mouth. When he pulled out, a thick stream of cum shot again from the head of his cock and landed on my hungry lips. I licked the drops of warm cum that trickled from the corners of my mouth.

"Gawddamn, that was fucking great! You sure love sucking cock, don't you?"

He pulled his jeans up over his muscular ass and stuffed his semi-hard dick back into his pants.

We'll have to get together again sometime," he grinned.

"Any time, Brian, any time!" I gushed.

My eyes watched as he walked down and out of the yard, leaving me with another hard-on from just thinking about Brian's cock. ■

ME AND THE GUYS

FICTION BY CHUCK GRANT
ART BY CHUCK LOVE

Going to an all boys school can have it's definite benefits. At Saint Stephans I became the school cocksucker, greedily working on any guy's cock that offered it to me. My ultimate triumph was the day I finally swallowed the janitor's hard and throbbing cock, working it until he shot his man-load down my hungry eighteen year old throat.

FICTION

"Suck on the head of it and jack me off," Tony urged. "That's how my girlfriend does it."

If I hadn't waited so long to get what he had between his legs into my mouth, I would have protested. Tony's cock was probably the biggest I'd ever seen, but I've been sucking big ones ever since I can remember.

I was a foundling, literally left on the doorstep of Saint Stephans Orphanage in a cardboard box. Saint Stephans was run by Benedictine Brothers and was for boys only. The brothers were good to us, but extremely careful not to express their feelings physically. The reasons were obvious to them; they had dedicated themselves to their beliefs and even a rumor that they might break their vows sexually could damage the entire orphanage.

Consequently, if we were to be held in someone's arms, those arms would have to belong to one of the other boys. Saint Stephans was both school and home to us. It was a rare occasion that took us from its walls. The dormitories were divided into three sections; one for infants, one for boys from age five to twelve, and then graduation into the Big Boy's Dorm until you left forever after you'd completed your education, usually at nineteen, almost always to enter the armed forces. There was only one private room (other than those that belonged to the brothers) and that was always given to the oldest boy there. It was usually his first taste of privacy for most of us had been there from birth or shortly thereafter.

It was Christmas Eve and I woke up in the middle of the night, cold and alone. Even though eighteen, I slipped out of my bed and into the bed of my best friend Pete. He welcomed me and wrapped me in his arms. Everybody knew I had this *thing* about being warm. But this night his arms felt tense and he was careful not to let me find out his cock was hard. We were told absolutely nothing about sex at Saint Stephans, all was instinct. I knew Pete's cock was hard, so was mine—all of us walked around with confused hard-ons half the day and almost all the night. To let him know that everything was all right, I reached out and took his cock in my hand. Both quietly giggling, we pulled off our pajamas and began rubbing our bodies together.

"SEPARATES THE MEN FROM THE BOYS!"

It felt great, but I found myself missing the feeling that surged through me like a tidal wave when I'd touched that rigid, firery hot piece of meat. It was pretty big and I wanted to study it further. I got it back in my hand and automatically Pete started pumping into my fist. He reached over to do the same service for me and, holding each other as closely as possible, we both had our first climax. Our panting breaths and gleeful grunts woke a few of our nearest roommates and we invited them over to show them what we'd learned to do.

My first gang-bang—circle jerk.

The next day Pete and I kept grinning at each other like we'd won the Nobel Prize. I could hardly wait for lights out so we could discover more about each other's bodies. That night there was a flurry of action when darkness settled over the dorm, guys jumping into bed with other guys with a great deal of giggling anticipation. Before I could get to his, Pete was under my covers and holding me in his arms. We jacked each other off, then played around with each other's balls, nipples and assholes for a while. Finally, Pete settled back into the pillows and I snuggled up next to him. The other boys were quite.

Lazily, I toyed with Pete's cock and instantly it was hard.

"Your gonna have to pull me off again, Nicky," he said.

But visions of another sort were dancing in my head. I wanted to bond him to me in such a way he'd always look at me the way he did that day, always want to hold me in his arms the way he did that night. Not even thinking about how it would end, I began to kiss and lightly lick his body on my way down to his burning crotch.

His breathing became ragged and he murmured my name over and over. By the time I got to his belly button he was writhing with delight. "Oh god, Nicky, I'm gonna squirt!"

It never occurred to me to do other than I did. I put his cock in my mouth. He filled it and I swallowed. "Now you'll always be a part of me, Pete," I told him.

"I can't believe how great that felt," he whispered. "How did it taste?"

I thought about it for a second. "I don't remember. I was too excited."

"You wanna suck it again so you'll know?"

He was pumping in and out, ramming his body against my face. I couldn't have loved it more. Pete had popped my throat cherry and you never forget the first man that cums in your mouth.

In reply I wrapped my tongue around the head of his cock and started sucking. This time I paid attention. When I'd do certain things with my tongue or throat, he'd moan with pleasure. Filing away that information, I'd try something else. Like I said, Pete's cock was big, but I wasn't having any trouble getting it all in my mouth and I discovered a breathing technique that night that permitted me to practically swallow him—that really drove him up the wall.

I don't remember our reasons, but we thought it best not to let the other guys know how far we'd carried our little game. Most of them settled for beating themselves off before sleeping, but none of them found it strange that Pete and I always woke up in the same bed. They didn't know that as they slept, I sucked, learning all the tricks to keep Pete in ecstasy. I also don't remember when I started loving the act of sucking cock, but love it I did. I couldn't get enough and poor Pete was getting worn out.

The oldest guy in school was nineteen. His name was Elmo and he had a reputation for being mean tempered. I saw him rarely, we moved in different circles, but I knew who he was, of course. I mean having your own room and being almost ready to go out into the world made you famous at Saint Stephans!

Elmo had his own room but he had to share the latrine with the rest of us. It was late and I woke up with a hard-on. I also had to pee, so I slipped out of the dorm and hurried down the hall in bare feet.

Elmo was leaning up against a sink, watching himself jerk-off in the mirror. Before he saw me, I stood transfixed at the sight of his tight buttocks, his bulging thighs, the way his head fell back and the big hand beating off a cock that had to measure nine inches long.

He finally saw me and before I could say a word, he was at the door, pulling me inside. His grip on my arm was like a vice and because he was embarrassed, he was furious. When he pulled me close to threaten me, his cock burned against my belly.

"You tell anybody you saw me doing this and I'll rip you apart, you fucking little sneak!" he growled. "How long were you watching me?"

"Just for a minute, honest."

He walked away and leaned against the sink and my eyes dropped to his massive dick. It was still hard and pointing straight up into the air. I tried, but couldn't look away. He didn't say a word for a minute, but finally he had to ask, "What 'cha staring at?"

"I've never seen one that big," I told him simply, and for another few moments we stood like statues, me looking at his dick and him watching me.

"Come here," he said, "you can play with it if you want to."

In a flash I was on my knees in front of him. He looked down at me in amazement. "What are you doing? You can jerk me off standing up!"

"I want to suck it Elmo." I looked up, not knowing if that bit of information would please him or send into a towering rage. But while he thought about it, I took his balls in my hands and licked my tongue up the length

WHAT THE WELL-DRESSED COCK SHOULD WEAR. A *BLACK LEATHER COCK AND BALL HARNESS with adjustable snaps.* ***#2132*, $12.95.**

of his cock. He shuddered with delight.

"You think you can get it in your mouth?"

In reply I sank it down my throat. It was massive, compared to Pete's but I wanted it so badly it didn't occur to me that I couldn't take it. I was transported to paradise. Oh, how I'd missed the joy of a hot cock pulsating between my lips. I licked, sucked and swallowed his big cock like it was a lifeline.

"Can I cum in your mouth?" He moaned. I knew he was close to climax.

Without removing the treasure from my lips, I bobbed my head up and down and ran my hands over his thighs and buttocks. He shot a load that almost drowned me.

After that I became Elmo's special friend and I sucked him off every night, loving every minute of it.

The brothers either didn't know or didn't care what went on after dark, but the other boys in my dorm knew that I spent every night with Elmo. It didn't take them long to figure things out. One in a while I was approached in the latrine by one of the guys who figured I was doing something special to Elmo to have made him so happy, but it was tentatively because they were afraid Elmo would beat the shit out of them. Erect cocks *accidently* brushed against me in the showers and friendly arms were thrown across my naked shoulders. I was tempted, because Elmo wasn't enough for me. I saw those cocks in all sizes and shapes and I wanted to taste them all.

I didn't mess with anyone else until one day after school when Pete and I ran into each other in the basement rec room. He pulled me into the toilet and I unzipped his fly and pulled his cock out. I dropped to my knees and shoved his cock in my mouth. Thinking we were alone in the basement, he didn't try to keep his moans of pleasure quiet. "Oh, that feels so good, Nicky! Yeah, suck just the head of it for a minute. Lick my balls. Now my cock again. Lots of tongue."

He was pumping in and out, ramming his body against my face. I couldn't have loved it more. Pete had popped my throat cherry and you never forget the first man that cums in your mouth. His legs began to quiver and he pumped harder. He shot a huge wad and I swallowed every drop of his juice.

Elmo was leaning up against a sink, watching himself jerk-off in the mirror. I stood transfixed at the sight at the sight of his tight buttocks, his bulging thighs, and his big hand beating off a cock that had to measure nine inches long.

I was still on my knees when the door burst open. It was Mr. Wilson, the maintenance man for the orphanage. He was over six feet tall and lean, always tanned from the sun with blond hair. I thought he was old, he was only thirty. He was the best looking guy I'd ever seen off the silver screen.

"Get ouf of here," he ordered Pete. "I'm gonna have a man-to-man talk with him about a few things."

I thanked Pete for letting me suck him off and he left.

Mr. Wilson ran his fingers through his thick hair. "Now let me get this straight, you *wanted* to suck his cock?"

"Yes."

"Do you suck it very often?"

"I used to do it every night."

"You ever sucked a real man's cock?" He reached out and ran his thumb over my lips.

I reached for his zipper. He pulled away. "Not here. Come with me to the boiler room. I've got a cot set up." He took my hand and led the way.

After the door was closed and locked, Mr. Wilson unbuckled his belt. "I must be out of my fucking mind," he said.

In seconds I was out of my clothes. I unzipped his fly. He wasn't wearing shorts and his cock popped out into my hand—long, fat and hard. Gently I squeezed his balls. I undressed him, licking his body in various places, saving his cock for last. When he was naked and on his back, hands behind his head, I stood for a moment, studying him. His body was lean and finely muscled. I got down between his waiting thighs. I was not only going to suck it, I was going to suck it so good he'd beg for more. In minutes I had him crazy. He wiggled under me. He arched up to sink it deeper into my throat. Finally he pushed me onto my back and fucked my face with frantic thrusts.

I tried to relax my throat even more as he flooded my mouth with cum. It was thicker than Pete's or Elmo's and tasted spicier. It ran out of my mouth and down my chin and still he pumped and shot.

I went down to the boiler room at least twice a week after that. Over the next year word got out that I sucked cock and I was offered many to suck. I did it with all my heart.

At nineteen I left the school to join the army and that's where I met Tony, whose cock was massive, but slid nicely in and out of my throat. I met him in Basic Training. I wanted Tony from the minute I saw him. He was the most beautiful man I'd ever set eyes on. The first time I saw him naked in the shower, I had to turn away to hide my hard-on. He was straight but we were confined to the Fort for weeks on end. Even if we'd been able to go off-base, the girls for miles around made it a point to ignore soldiers. We had no money, no car, nothing to make us attractive to the local beauties. Tony had a girl back in Illinois, but I knew he was hurting for sex.

It was only a matter of time before I swung on the shaft between his legs. But that's another story. ■

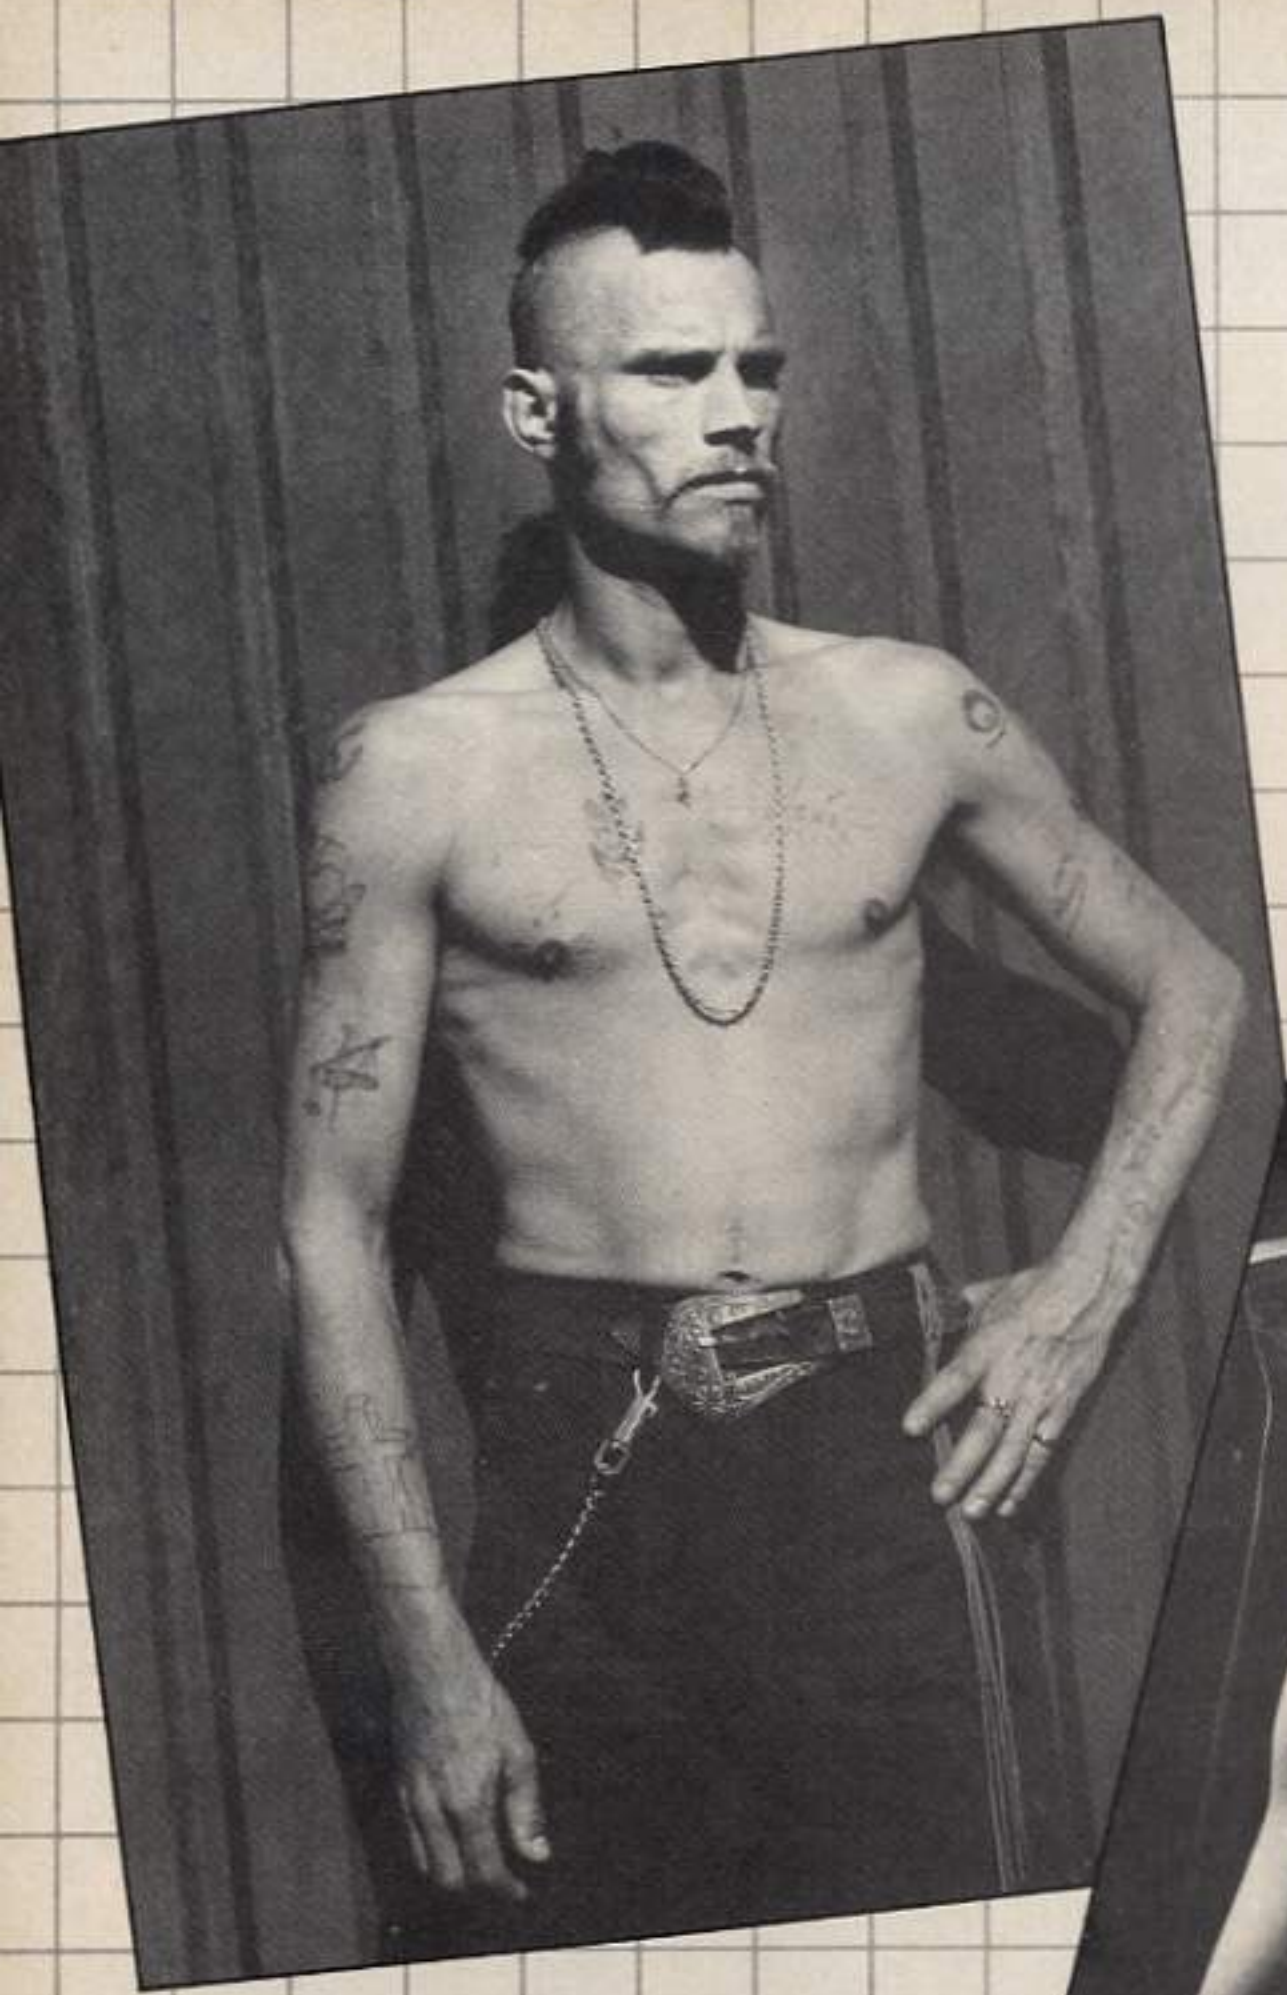
For the past eight years, Ralf and Heino have lived, traveled and photographed together. Their first works were published at the ages of 25 and 34 respectively, hence the name *25/34 Photography*.

PORTFOLIO
25/34



They photograph the male form. A form which takes on many different styles and qualities. Their men are photographed partially dressed, rather than nude to add allure and depth to the figures caught on film.

A realism is found in their works, owing to the fact that they find their subjects on the streets of the city. Their feeling is that this is the last place where you can truly *hunt*. The models of *25/34* are hunters, and you can easily fall into their trap.

As Seen In **SCREW** *Magazine*

"Stroke is the Rolls Royce of masturbation manuals . . .

. . . fully-equipped for hands-on application by the jack-officionado. In their own words: Stroke's *main purpose is to get you hard and get you off. From the sublime to the atrocious, we have the wildest variety of photos, words and personal ads of any magazine. Our readers send in the most bizarre photos and letters that you'll find anywhere. Without reader contributions we'd be just another glossy fuck-book.* Stroke *is a forum for reality as well as fantasy.*

As promised, "Polaroid Party" features over two dozen "reader-donated" photographs of vacuum-pumped pricks, condomed cocks, come-shots and asshole, both plugged and unplugged. Readers are also invited to submit their soiled undergarments. Through out the 100-page magazine are one-page "Splash Shots" and six-to-10 page photo-stories emphasizing hard-core action and the traditional spilling of the juice. Both color and compositions are superb. Stories and articles include such titles as "Self-Suckers," "Blown by the Butler," "Foreskin Indulgence," "Hazing Atrocities" and "Daddy's Jockboy."

For a magazine of this size and quality, advertising is surprisingly minimal, so you don't feel you've shelled out money to have someone pitch you about spending some more. The design, including a hard-core cover (censored with plastic wrap), is sleek and provocative, and production values are unsurpassed. *Stroke* wins, hands down, as the best jerk-off journal on the stands."

FOREPLAY

BY RICHARD MORGAN

Taking it up the ass big time with big, fat spit-slicked cocks with piston-like fucking is what *Foreplay's* all about and believe me that's just what happens.

I've done fuck flicks before, but never have I gotten my ass pounded or my throat raped by as many cocks—young, thick dicks with mouth-watering balls slapping against my ass cheeks and chin—at the same time in this wild sex-orgy epic.

Bent over benches in the lockerroom and gang fucking like never before is what it was like shooting (cum *and* film) in this video. My ass gets it good and I get plenty of guys to hump as well. You get a good picture of what's going on in some of these stills that were shot during some of the hot sex scenes.

Sex is hot when the boys you're fucking with know how to do it and do it good. No problem with the guys in this flick. My hole still twitches thinking about the balling I took with all those hot cocks fucking me and cumming on me. It was unreal.

The only hole taking it harder and deeper than mine was Sergio Canalli's. Man that cunt of his was pried for all it was worth. And after the shooting was over we all got together for an off-camera orgy that was even hotter yet!

Pick up this video if you get a chance and listen to the sounds of the heavy man-fucking that goes on. I think it's one of the best I've seen (or been in) and I'm sure if you're into that slap-bang sound a hard cock makes butt-fucking a tight, young hole, you'll get off on this video. The jail scene is wild and so is the gloryhole suck.

PENIS MASSAGE CREAM
A slick, smooth lubricant to enhance stimulation of the penis. 4 oz. #4170 $4.50

I gotta big, fat cock and my favorite thing do do is suck dick while another dude is stuffing my hot rod down his throat. I've been sucking dick since I was eighteen. I remember the first cock I sucked down my throat. It was in the men's room at the May Co. in San Diego. I was with my mom shopping when I had to take a leak. There was this hot looking guy. I'd say he was 25 or so. He had this big piece, like mine, that dropped out of his pants at the urinal. I couldn't help but stare and I guess he figured out what was on my mind 'cause he turned and started waving his huge prick at me. He dragged me into one of the stalls and I sucked him off. I'll never forget the taste of my first load of jizz down the throat. Now I'm an addict.

ROOKIES

Phone sex is a hot, dirty way to get off and I've really gotten into it. I'll just pull out a phone book and start dialing any number that I see. The first ten or so calls I get hung up on, but after a while I get a live one and we really get going—good and nasty. Jerking-off over the phone sometimes, I'll put the receiver down near my hole while I fuck myself with a dildo. That really turns 'em on.

—Bryan Talley
Richmond, VA

Hot *Male Review* has become my second favorite magazine. Next to *JOCK*. I love the reader-photo section and I hope you decide to print my shots. I'm an exhibitionist who loves to jerk-off with other guys and by myself. Especially when I've got a huge dildo to sit on while I snort poppers. The feeling of that thick rubber cock fucking my ass makes my load boil and shoot from my nuts and spray out of my shaft. If any of your readers want, I'll be happy to do a circle jerk or circle suck anytime and just about anywhere. Please forward all interested mail my way. Thanks.

—Rhett Miller
Chicago, IL

I like to sit soutside on my deck and work on my dick in the sunshine. I've been a reader of yours for a long time and I'm really glad you print pics of your readers and a story on each guy. My story? Well I'm into buttfucking. Not so much doin' it, but more to *watching* it. When I was younger we used to get together, me and my school buddies, and fuck and suck with each other almost every night. I've got a pretty good body and my dick's always ready to get sucked off, especially if I'm watching a hot man taking some guy's prick up his ass.

—Nick Ramsey
Lansing, MI

I'm fat and gross, but I don't give a shit 'cause I get more action than ten other hot looking guys put together. There's plenty of chubby chasers out there beggin' to lick my hairy crack and suck my pudd. You print these photos and this letter and watch your response. You'll be surprised, I guarantee it. There shots were taken right after I got sucked by this so-called "straight" surfer that jogs along my beach out front of my house each morning. I told him to cum back tomorrow and I'd fuck his ass. I'll bet you ten he shows.

—Rick Presston
Mission Beach, CA

A thick pole is what I've got between my legs and I'm just waiting for the right man to wet his ass-lips up and spread 'em wide for me to fuck him good and deep. I got a thick bush I like to press into hairless cheeks that can handle all 10 inches of my fat prick pounding into them. If any of your readers want it they can have it if they're hot. If not, they can get lost 'cause I ain't got the time to waste on dopers or loosers. I just want to get my dick off in a tight, hot hole.

—Mike Phillips
Los Angeles, CA

You like to fuck? So do I. I like to get it too. I'm always ready for a good time. Check out my crotch and body. All of me is here and ready for a good time. You've never sunk your cock into a better, hotter, wetter man's cunt before like mine. I like my men as black as they come. Blue-black like you get in Africa. With huge purple cocks swollen and cheesy. That head cheese is perfect lube to pry open my lips and work my cunt good and deep. Go for it you hot, hung black boys. My hole and pole is yours forever.

—Steve Meyers
Phoenix, AZ

Sit your ass down on this prick if you think you can take it all the way up to the nuts. I like young, blond guys 18-22, with tight, hard buns that like the "daddy" types with a rigid cock always ready to pump some spunk up a tight shitter. My big mushroom head always thrills the kid I'm fucking. I'm the best. That's all I can say.

—Mitch Butler
West Hollywood, CA

Sweaty, stinking socks is what turns me on. The more they stink, the harder my cock gets. I love to jerk-off with a well worked sock or crotch-rotted jock strap rank from a hot week's work at the gym or football field. My fantasy? Probably getting fucked up the ass by a guy wearing a sock like a rubber.

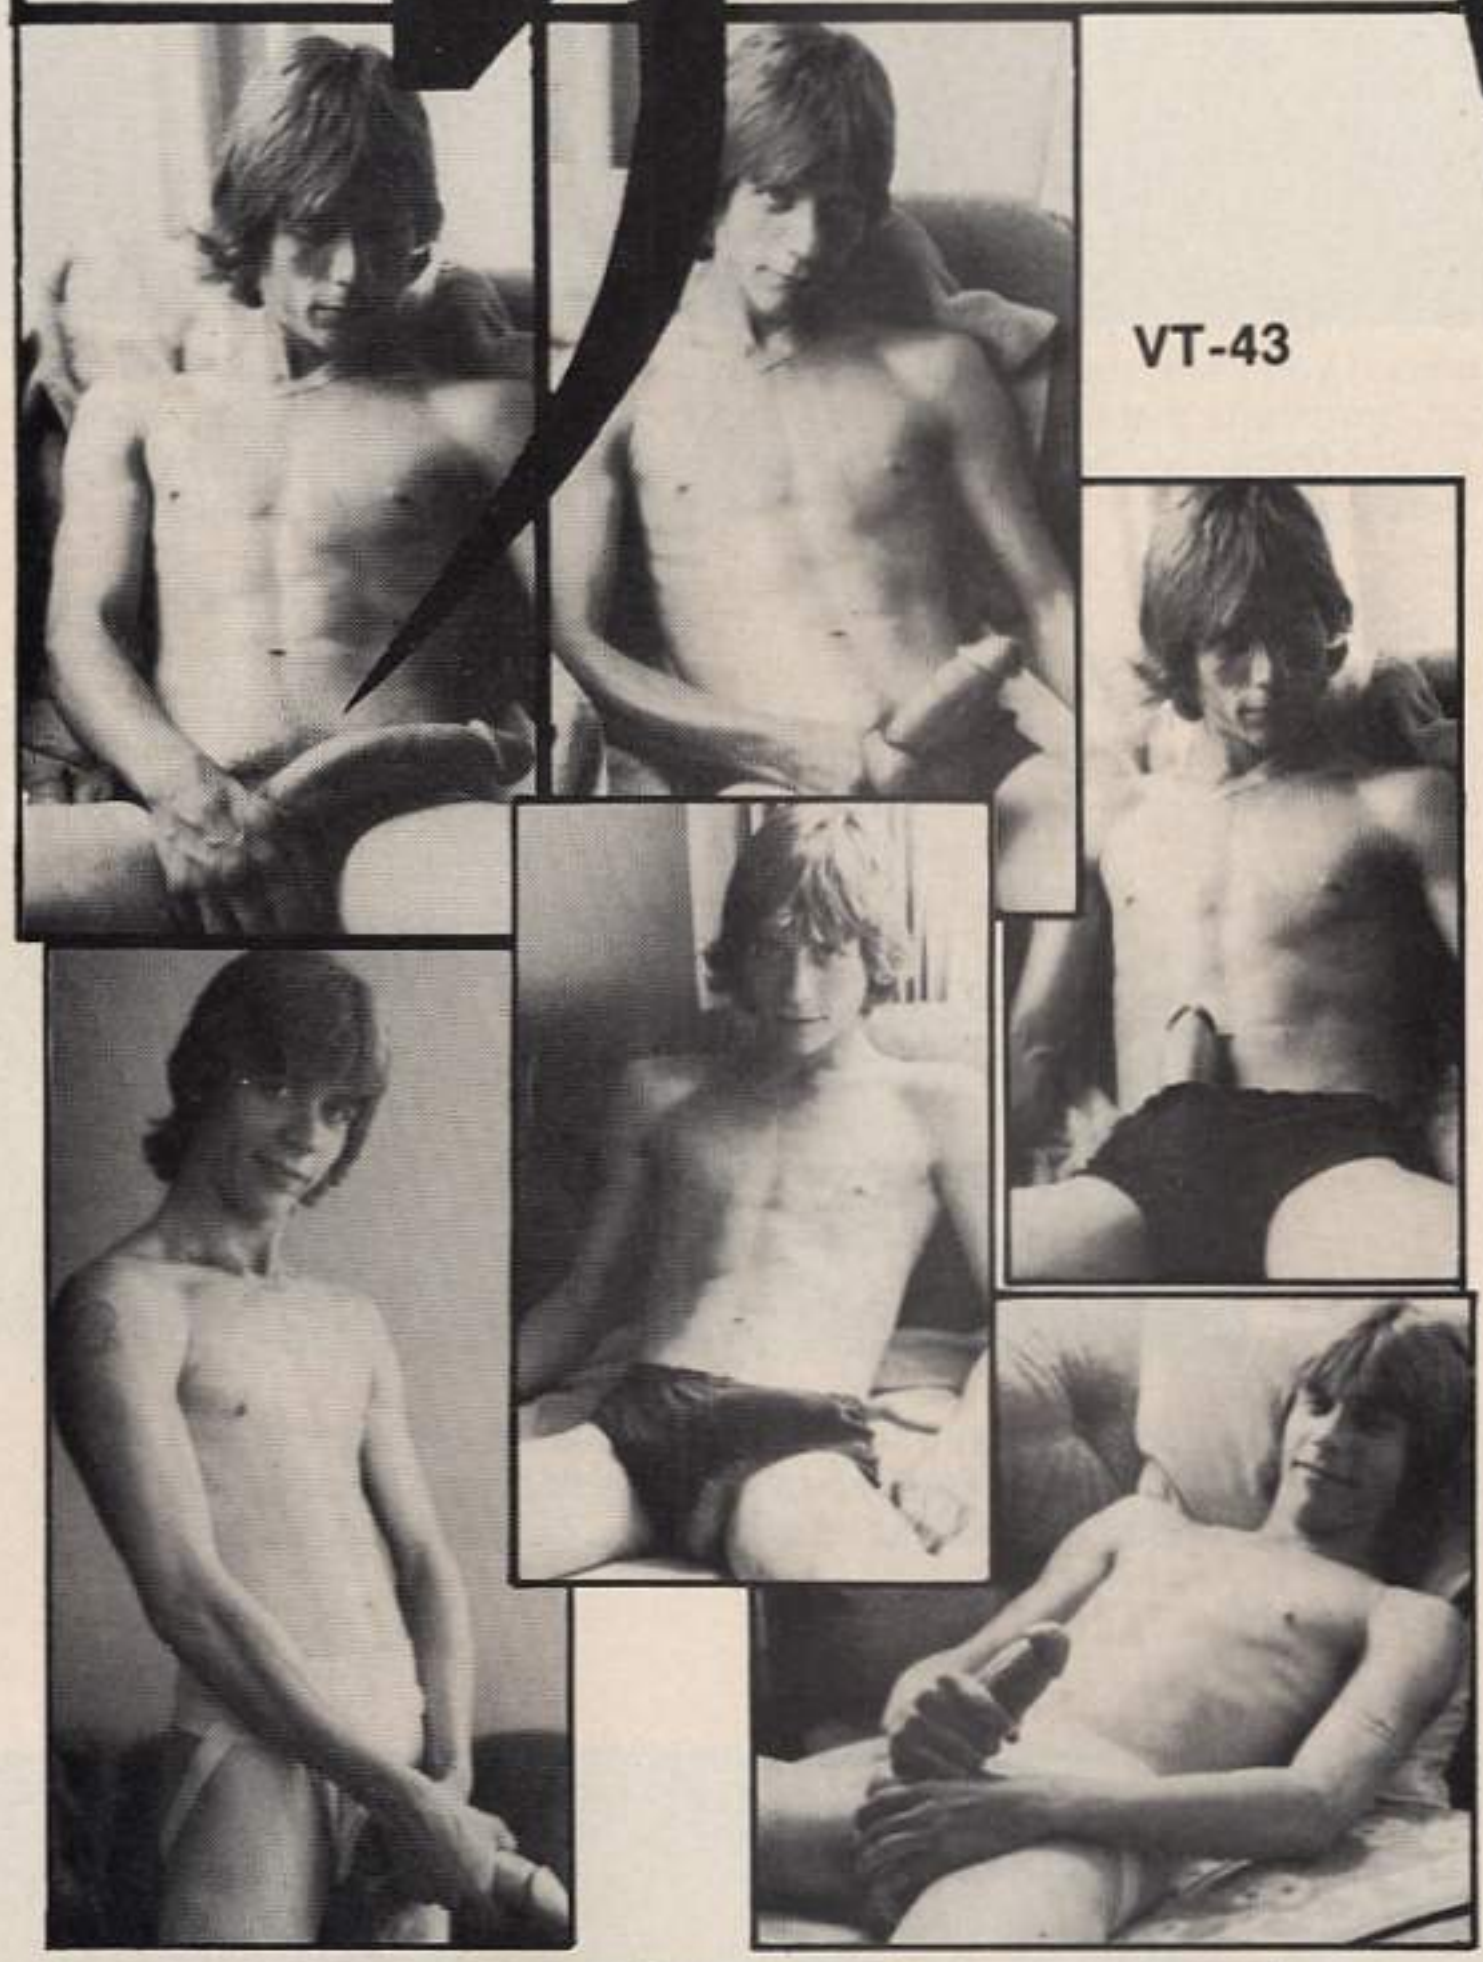
OLD RELIABLE

5 DAYS WITH Phil



VT-43

Join us in a cool slipstream of private fantasy and erotic fulfillment, spend **FIVE DAYS WITH PHIL:** let each day unfold in increased intimacy and personal knowledge of this very special 22 year old man. This guy has been one of our **most popular models** ever, so when I heard that he had hitched back from Tennessee, heart in hand, I put out the word that I wanted to see him again. If you've seen his earlier videos, you know how shy he is. But here, at last, over five days, Phil opens up to you, as he **blossoms before your eyes.** Covered with the dirt and stubble of the highway on the first day, he is beautifully restored to his full measure by the fifth day. This is your chance to witness this fine man express and reveal his strong manhood for you; nothing is forgotten as you join him for five climactic and orgasmic scenes, in the bedroom, bathroom, living room . . . **even the balcony!** If you buy only one tape this year, make it **FIVE DAYS WITH PHIL!** VT-43 is 90 minutes, color and sound, available in VHS and Beta, $59 plus $3 postage. My name's Tony. You've seen me in *Torso International* and the *Advocate Men* magazines. I did a fuck flick called *Santa Monica Boulevard* and I really get my ass fucked hard and long by the kid you see here. Check out that cock he's got and you've got the *idea* of what it feels like to take it up your ass.

SANTA MONICA BOULEVARD
A HOT VIDEO RELEASE
DISTRIBUTED BY L.A. VIDEO

Here's my scene. Check out that hot cock as it slides into my hole. It was real hard not to cum right as he rammed me the first time, but I held out 'til my butt was good and plowed before shooting the works.

There were a lot hot guys like these two you see here who jerk-off, then the blond kid fucks the dark-haired kid up his ass. Nothing hotter to me than watching two guys fucking—nothing hotter other than doing it myself, of course. And I did. We all did. In the flick and afterwards.
